The Living it Resource Center has four main sections to help you:

**Video Testimonies** are filmed by the Living it video crew, and includes: Student Testimonies, Leader Testimonies and Outreach Ideas. All videos are 3-9 minutes in length and great for showing to your youth group and/or church.

**Jesus Living in You** is the portion of the site that helps you to be connected to Jesus in an intimate way so that all your outreach can be powered by Him. Here you will find new ideas for structuring your devotional life and dozens of devotional readings by authors such as,

**New Resources**

The Living it Bible Experience Application Guide is now available for free download on our website! This guide is designed to walk you through the life of Paul in Acts and Thessalonians with thought provoking questions and insights. You can use this guide in your personal devotional time, or allow it to be an outline for group study and discussion. Find it [here](#).

**New Book**

Authentic, the new book from our own, Pastor Scott Ward, is making an impact. We’ve recently gotten word that an academy PE teacher will be using it with a student small group, an Adventist chaplain has ordered a copy for all of his assistant chaplains, and an Adventist college has voted to order over 400 copies for each of next school year’s freshman! God’s doing big things with this new resource. You can find a copy at your local Adventist Book Center ([adventistbookcenter.com](http://adventistbookcenter.com)), or at [ReviewandHerald.com](http://reviewandherald.com).

**Outreach Ideas** are just that—ideas for reaching high school students in their world, both on and off campus. All of these ideas have been tried and found to be effective. The ideas have been contributed by various youth pastors and youth directors around the NAD. This is not a one person show—it’s a movement!

**At-Risk Help** is contributed by Loma Linda University’s Behavioral Health Institute. Here you will find overviews of various at-risk behaviors that you may encounter and ideas for helping to deal with each kind of situation. This is an invaluable resource!

Shift the Dependency

We all need something outside of ourselves—we just get confused about what it is that can satisfy our souls. How long does the new car smell last or the thrill of latest game? Honestly, how long does sex satisfy you? The things of the world breed dependency upon themselves because their longevity is fleeting—you must re-indulge over and over to maintain the fix that is shallow at best. Really, how far do these things go to see you through the death of a loved one, or loss of your career or health?

Jesus is the only One who can truly satisfy the very depths of your soul and strengthen you through the hellish times this world has to offer. In the "Nurturing your Spirituality" portion of the website you will find some helpful tips for turning dependency on worldly things to focus on the only One who can truly satisfy all your longings and needs. Use the information available here to glean tools that can help you facilitate depth and consistency in your relationship with Jesus. Then check out the "Devotions to Share" page to inspire your own daily growth and for use in leading others into a deeper relationship with Jesus, as well.

Check out Pastor Scott Ward’s new book, Authentic: Where true, life-changing Christianity begins. This book lays out simple ways we can draw nearer to Jesus, and strengthen our relationship with Him.
