We have a WINNER!!

Drum Roll, Please!

Thank you, to everyone who participated in the Living it online survey. Your comments and ideas are so helpful! There were 114 people from around the North American Division who answered questions on the survey, and we are excited about the positive feedback regarding the online class idea. Here are some stats from the survey:

**Age Groups:**

- 13-19: 27%
- 20-29: 25%
- 30-39: 21%
- 40-49: 14%
- 50+: 13%
Ideas. All videos are 3-9 minutes in length and great for showing to your youth group and/or church.

**Jesus Living in You** is the portion of the site that helps you to be connected to Jesus in an intimate way so that all your outreach can be powered by Him. Here you will find new ideas for structuring your devotional life and dozens of devotional readings by authors such as, Dwain Esmond, John McCann and Scott Ward. If you are a devotional writer please submit your ideas at [http://livingiths.org/contact](http://livingiths.org/contact).

**Outreach Ideas** are just that—ideas for reaching high school students in their world, both on and off campus. All of these ideas have been tried and found to be effective. The ideas have been contributed by various youth pastors and youth directors around the NAD. This is not a one person show—it’s a movement!

**At-Risk Help** is contributed by Loma Linda University’s Behavioral Health Institute. Here you will find overviews of various at-risk behaviors that you may encounter and ideas for helping to deal with each kind of situation. This is an invaluable resource!

**Interest in Online Class Topics:**

- More than 95% of respondents said they would be interested in at least one of the online class topics Living it has suggested. If you know of any experts in developing online classes, please let us know. We are looking for partners to help us develop and implement this important outreach to our public high school students.

**Pathfinder Honor:**

- We now have 15 people signed up to pilot the Campus Ministry Pathfinder Honor!

**Video Testimonies Discussion Guide:**

- *Video Testimonies* continues to be the most popular part of the Living it website and nearly 90% of respondents said they would use discussion guides accompanying each video. Those guides are coming soon!

**Youth Rallies and Retreats:**

- Also, more than 85% of respondents said they would attend a rally or retreat specifically for public high school students. We will be working on a model for this based on "Stand Out" that Andrews University and the Center for Youth Evangelism have developed and implemented successfully for years. We will be posting our version of this model on our website for every conference in the NAD to have access to in the near future.

Once again, we are so thankful for your input, and your commitment to public high school ministry. Please continue to reach out to kids in your church, and show them Jesus.
