In April Maranatha Romania organized a public evangelistic series in the Jiu Valley. Negoiescu Samuel was the one who introduced the Word of God under the title, “Where are our world?”. Every night was attended by 20-25 people on average non-Adventist. A significant part of the participants are people with whom our missionaries in this city studying the Bible. In this area right now two people have expressed their desire to receive baptism in the Adventist Church. We wish to thank our sponsors who made possible this hall rentals and organizing evangelistic activities. For further details email: maranatharomania@gmail.com, tel: 0766 365 833 or 0749 402 098.

Between May 21 to 28, Maranatha Romania organized an evangelistic campaign in Bihor County, in the city that supports two missionary families in the Adventist church planting. Also during these evangelistic meetings, we organized an exhibition of Health, where we enjoyed the presence of over 160 people. 30 of them borrow books and spiritual, health and all 160 people left their home addresses to be visited. Every night of evangelism were present in about 10-15 non-Adventist. Our joy is that after these meetings, two people continue their studies with us and participate in moments of worship from Sabbath. Two other people, the Baptist denomination, have accepted and believe in keeping the Sabbath, but were, visited “by their pastor. Our missionaries began visits to these people. We are aware that we need the power of the Holy Spirit for wisdom, patience and skill in dealing with these people. Also, in this city for 10 000 people, we opened the first public place of worship for the small group of worshipers Adventist in this city.

We want to make a call from you to support our missionaries in this city in prayer. There are many people who have accepted the Sabbath truth, but were intimidated by their pastors and are hard to break away from their communities.

We also want to thank all members of the community Beius Adventist Church, Pastor Ionica Herlea for all the support offered in this evangelistic action.

Thank God and our sponsors who made this possible action. For further details email:

May was filled with happy events one month and projects for our missionaries in Bihor County. Besides evangelistic campaign, exhibition health club, we open a new adventist place of worship in this city. The city of Bihor county where our missionaries work in the Adventist church planting, has 10,000 inhabitants, there are 5 members Adventists, but I had so far no public place of worship. The Adventist Church was closer to 20 km. With God’s help we rent a new public space, a place of worship for members of the Adventist Church here and small group activities which are formed by our missionaries. The first opportunity for public worship in the new place of worship was held on 28 May. Currently, this group of city, include nine individuals, members and friends of truth. Wear in prayer missionary workin this town that the Lord will raise this group to an Adventist church planting. For further details email: maranatharomania@gmail.com or 0766 365 833 or 0749 402 098

Pentecostal and Baptist pastors prohibit their members to participate in Bible studies with Adventists

Posted: 30 Jun 2011 09:14 AM PDT

The evangelism campaign in Hunedoara and Bihor organized by Adventist Maranatha Romania, several Baptist and Pentecostal religion people, were convinced of the truth of the Sabbath. When pastors these people heard this, they have visited and have banned even the threat of exclusion from the church to attend our meetings. Some of them have been puzzled by the attitude of tough and hostile to their pastors, but missionaries continue our meetings with
The evangelism campaign in Hunedoara and Bihor organized by Adventist Maranatha Romania, several Baptist and Pentecostal religion people, were convinced of the truth of the Sabbath. When pastors these people heard this, they have visited and have banned even the threat of exclusion from the church to attend our meetings. Some of them have been puzzled by the attitude of tough and hostile to their pastors, but missionaries continue our meetings with these people on a regular basis at home. We believe that the Holy Spirit will work and one day these people will have the power to leave to be in accordance with God's will. These people, and our missionaries, they need our support in prayer.

On May 22, Maranatha Romania in collaboration with Adelina Association and Beius Adventist Church, organized an exhibition of Health in Bihor County, where two missionaries families are supported by Maranatha Romania in the Adventist church planting. The action took place in close collaboration with local city hall we made available for the building they share. Starting at 10 am and up at 18, over 160 people visited the stands exposed, received health advice and medical tests were done. Each outlet has been able to borrow books for health, education and family. Thus, borrowed more than 30 books and 160 people have left the addresses following that our missionaries to visit home.

After the declaration of our missionaries in this city, we have a unique opportunity now, so you can create a direct contact with 160 people and 30 who have borrowed books. Have quickly developed friendly relations and open contacts, which ultimately lead to the formation of small groups for Bible study. Without this continuing exhibition of Health, the action does not have purpose.

George Candoi and Dacian Kerestesi, our missionaries in Bihor county, they need our support in prayer.

Thank God and sponsors who supported this project. Thank Association Adelina and Beius Adventist Church for supporting.

For further details please contact us at email: maranatharomania@gmail.com or tel:0766 365 833 or 0749 402 988

With the arrival of spring, our missionaries in Hunedoara County stands out with their books health, education and family in town. Every opportunity to borrow books locals, then following that our missionaries to visit these people home. In this way we try to create friendships that will ultimately lead to small group Bible study. Also measured blood pressure, body mass and blood sugar idicele. One such occasion, our missionaries were invited by a teacher to teach them and think boldly Nutrition courses, which teach children in class. Once at the school have created relationships with other teachers, which resulted in an invitation to officially starting the school year 2011-2012 to support our missionaries various health and education seminars, both in school

Until a few days ago Moldovan family lived in unsanitary conditions. With two children with extremely low incomes, their situation was very bad. Through our missionary, Suciu Reinhard, some non-Adventist people wanted to help this family to renovate their houses. Sponsors went from thousands of miles to make a happy family. The apartment was painted, a new door was installed, and bedding has been replaced. Thank God and sponsors involved in this project.
