God worked nice in Virgil family life. Saturday August 20 at the Seventh-day Adventist Church in Lupeni (Romania) have given yourself to Christ concluding a covenant with Him in baptism water. Lord help them retain this covenant until eternity. Virgil family is from Uricani city (Romania), and in their house was born adventist worshipers group that exists today in this city that Maranatha Romania missionaries working in the area. Meetings in their home lasted 4 months until we rented and set up a worship space in this city. Let pray for us, for our ministry in this city and others who want in this winter to make covenant with Jesus through adventist baptism and become the members of the Adventist Church.
