Donate bread for a poor old

In the area covered by the Maranatha Romania, there are many old people alone, helpless, abandoned by their children or not having anyone. They live on the edge of existence, with very little or no pension. For 5 years we regularly provide food for these old, clothing, firewood, etc. The situation worsened some of them due to financial context. Therefore, we want to launch the project, „Donate bread for poor old” that we want to help these elderly poor. We want to give these people daily bread they need. We have in our attention 50 elderly who need our help. We want to offer a daily bread worth 0,80 euro cent by the end of the year. That means we need 3250 of bread by the end of 2011, all breads will cost 2 600 euros. After this project, all sponsors will receive an email report and a video of the project, posted on our website.

How will the project take place?
To the extent that we have a number of donated bread, we go to the store (where is each old) and we pay for him for bread for a certain period, so that the recipient will be able to raise daily bread without it costing no.

The action was organized by the adventist missionaries of Maranatha Romania Adventist Mission. Like last year, financial support came when we lost all hope. School started Monday, September 12, and sponsors began to appear the next day, Tuesday. Same as last year, funding for this project came from sources outside the Adventist Church, people who left move and sensitized to these children who need our help. Thank the Lord who moved hearts and found that people who support this project. Thanks to our sponsors. Each child has received from us: notebooks, pens, school bags, pencils, etc. Here we invite you to view vide material.
