For the second time consecutive, Maranatha Romania Adventist Mission offers school supplies for poor children. The action was organized by the adventist missionaries of Maranatha Romania Adventist Mission. Like last year, financial support came when we lost all hope. School started Monday, September 12, and sponsors began to appear the next day, Tuesday. Same as last year, funding for this project came from sources outside the Adventist Church, people who left move and sensitized to these children who need our help. Thank the Lord who moved hearts and found that people who support this project. Thanks to our sponsors. Each child has received from us: notebooks, pens, school bags, pencils, etc. Here we invite you to view vide material.

Maranatha Romania announce you that the school fee for Swizen at Faculty of Medicine, was paid. God does miracles today, He touches hearts and sensitizes when a plan is His will, and when we believe in His power and we wait answer God in silence. Although was a large amount 3 200 euros initially, and time was short for us, adventists brothers were sensitized by the Holy Spirit and in one day, the funds were promised to Swizen. Also, funds income from some Romanians and from some evangelical brethren. An Adventist family of village Sofronea Arad County, gave him a house, a room with everything he need for it (bathroom, computer and internet, kitchen and a hot meal daily). We went together to the Faculty of Medicine and Pharmacy Victor Babes Timisoara and we paid school fees, which to our surprise was 3019 euros.

The remaining money, 181 euros were provided by Swizen for personal expenses (food, subscriptions, books, etc). Finally we wish to thank the sponsors who donated the amount needed and we hope we can continue to work to make more people happy. Below, we present step by step video and message of gratitude to the sponsors. We also attached receipt proving that the 3019 euro were paid for Swizen. Swizen will still need our help for books, food, etc. If there is anyone who wants supports the Swizen please contact us at email: maranatharomania@gmail.com

Mrs. Marica is a single mother who grows her 5 children. Because they have not a house, they live now in a hut. Their house cannot be called home. In fact, it is an improvisation of some walls, which children call HOME. No electric light, and food cooked on a stove, a makeshift and old. Living conditions are unsanitary. Beds that sleep are old and do problems. We could still do a lot for this family, but with a sponsor, we were able to offer a new bed to sleep on these children. Below we present the video. Those who want to help this family with a stove for the winter, food, etc. This family thanks the sponsor who offered a bed for children. Please contact us by email: maranatharomania@gmail.com.

God moves hearts today. Orthodox sponsor of Maranatha Romania Adventist Mission personal income and help sponsored a food share for 14 old people from Bihor and Caras Severin County. Visiting our website, following our projects, the Holy Spirit moved the heart to sponsor food for the elderly, school supplies and a bed for a poor family, all worth 600 euros. For me personally it was a beautiful experience, not only in terms of aid offered, especially for personal reasons which led him to do so. A whole experience with God is behind this desire to help sponsor more people poor. Now was the first visit and we know our plan is to develop our long-term collaboration in order to run charity. In the four days as we know, we opened many biblical subjects, and now this man study Bible with us. Please pray for this person.
Poverty strikes, first of all, among elderly people. Many of them have very small retirement pensions, they are alone, helpless or abandoned by their children. For 6 years, the Association Maranatha Romania Adventist Mission carries out, with your help, humanitarian projects, aimed at helping these persons. This time, the adventist mission project consisting of food distribution took place in the Bihor and Caras Severin counties. One sponsor desired to get personally involved in this humanitarian project. He came with us and visited each elder person separately, bringing packs of food for each one of them. Together, we witnessed the tears of joy, their words of gratitude and a pleasant smile on the sad faces of these persons, over which many years have passed. We thank our sponsor who got involved in this humanitarian and adventist mission project. Below, we present you several photos from this humanitarian project.
