We have started a new school year with 11 new students and 3 student leaders that are staying a second year to learn more by helping with the operation of the school. New in
the staff are Terri and Ernst Zwiker. Ernst is the school leader this year and Terri is the household manager. - Linndis

This school year, it is our goal to reach Mysen in a special way, partnering with the Mysen Lifestyle Club, a new branch of the Granheim foundation. Mingling with the people around us, desiring their good, showing sympathy for them and ministering to their needs and winning their confidence, we wish to bless them and draw them closer to our Savior (Jesus’ method: Mt 9:35-36, MH 143). - Ernst

5. praise and prayer requests

We are thankful for the new student group and to see how they have been enjoying the first weeks at Matteson. Each one is a precious gem. This month, the students are being challenged with studies in the book of Daniel, true education and health evangelism, the latter climaxing in a health expo next week. Please pray for the students and their efforts to find other precious jewels in the community of Mysen and that God may prepare the community for the upcoming health expo. Thank you for your support.
