About 400 people filled Newbold College’s Salisbury Hall on Sabbath afternoon, 12 April. They were people of all ages and cultural backgrounds, people from off-campus and on, visitors from Kent and Kettering, from London, Watford, and further afield. They came to hear a discussion with the Adventist writer and speaker, Clifford Goldstein, who for eight years has been the editor of the Adult Bible Study Guides used in Adventist Sabbath Schools around the world. Goldstein had spoken twice in the morning. In the Early Service he had talked about Daniel chapter 2 and, then, in the Family Service, he had told the story of his conversion from atheism to Adventism.

The Sabbath afternoon event, organised by Newbold’s Centre for the Study of Religious and Cultural Diversity, had been advertised as a ‘conversation’ between Goldstein and some of Newbold’s biblical scholars on the topic ‘People of the Book or People of the Quarterly’. Since a conversation between four hundred people doesn’t work too well, the moderator for the afternoon, Vice Principal Dr Michael Pearson, decided on a question and answer session.

The questions ranged far and wide. There were questions about the choice of subjects and writers, including a question about the exclusion of contemporary issues like the environment. There were questions about communication in a variety of contexts, and the difficulties of meeting the needs of different people from different cultures at different stages in their spiritual journeys. Some asked whether the Bible study guides developed thinking and problem-solving skills, and others whether it was possible for the ‘lessons’ to be edited for local use in particular situations, for instance, in church plants.

The answers roamed as wide as the questions. Goldstein offered his audience a number of insights into the challenges of editing a unique body of work which is published in 100 languages and, almost by definition, fails to please all its readers. He assured his listeners a number of times that they should feel free to ask their own questions on assigned Sabbath School topics. ‘It’s OK if you want to disagree with the quarterly. Jump off from the topic and explore it. It’s just a guide,’ he said.

The following week, on Tuesday evening, about 170 people came to hear Clifford Goldstein give the Diversity Centre’s April lecture: ‘Seeing is Believing – or is it? Faith and the limits of empiricism’. This time, Goldstein, in philosophical mode, challenged the statement of the Nobel prize-winning author, Gunther Grass. ‘All I can know is what I can see and feel and touch and taste,’ Goldstein drew on the analogy of the mobile phone messages which are in the air but which we cannot hear without the appropriate receivers. He reminded his audience: ‘All we can know is the reality our receptors create for us’, and challenged them to recognise and experience that ‘revelation’ can take believers further than the senses.

‘It was fascinating over the time of Clifford’s visit to see so many people so interested and enthusiastic about a variety of very serious issues,’ says Dr Pearson, director of the Diversity Centre. ‘The key, I think, was Clifford’s willingness to be honest about his own journey and to acknowledge the open-endedness of many of the questions we discussed.’

People of the Book?

by Helen Pearson, Newbold PRO
Full-time Secretarial Vacancy at the NEC Office
Closing date for applications: Monday 19 May

An exciting and challenging role is open for an energetic person with good secretarial skills and a commitment to the mission of the Seventh-day Adventist Church.

The responsibilities will include, amongst others, routine secretarial and data entry tasks, and preparation of workshop/seminar materials. The position will require competency in using Microsoft Office or comparable software packages and desk-top publishing.

Previous secretarial experience preferred. Salary and terms of employment will be in keeping with denominational policies and are available on request. Interested individuals are invited to send a CV and request an application form. Contact Paul Haworth, Executive Secretary, North England Conference, 22 Dulah Road, Maplesden Park, Nottingham, NG5 5DR. Email: admin@necadventist.org.uk

—is conducive to spiritual growth and discipleship. Whereas, in fact, baptism is the youth discussion. Implicit in that had been the idea that baptism is necessary. I recently returned from California, where I attended the Fifth International Congress on Vegetarian Nutrition held from ... at the congress and conference as we highlight some of the key dietary practices and examine their impact on brain health.

So, ‘Is the church really necessary?’ While nutrition affects the brain in three ways:

1. Nutrition affects the brain in three ways:
   - The myelin sheath—can happen. Not like insulation covering electrical wires. It speeds transmission of electrical signals to the brain. Deficiencies of nutrients that compose the myelin sheath can cause nerve-impulse transmission, negatively impacting brain function.
   - Observation of the following list of foods that improve the brain: (1) fish oil; (2) connoisseur’s chocolate; (3) green tea; (4) blueberries; (5) green beans; (6) coffee beans; (7) broccoli; (8) black lentils; (9) almonds; (10) walnuts; (11) green leafy vegetables; (12) nuts; (13) seeds; (14) cranberries; (15) tomatoes; (16) hot tea; (17) walnuts; (18) wheat germ.

2. Brain Builders:
   - Avocados, bananas, breeder’s yeast, broccoli, brown rice, Brussels sprouts, cantaloupe, cauliflower, choline, green beans, green peppers, green peas, peas, potatoes, Romano lettuce, soybeans, spinach, walnuts, wheat germ.

3. Brain Drainers:
   - Alcohol, artificial food colourings, artificial sweeteners, carbonated drinks, hydrogenated fats, junk sugars, nicotine, overeating, white bread.

4. Nutrition affects the brain in three ways:
   - The brain cell itself needs proper nutrition to carry out its functions, just like any other cell in the body.
   - The myelin sheath covering the brain cell acts like insulating covering electrical wires. It speeds transmission of electrical signals in the brain. Deficiencies of nutrients that compose myelin, such as essential fatty acids, delay nerve impulse transmission, negatively impacting brain function.

Bourneville: 23 couples in renewal of marriage vows

by Lany Javelosa

On Sabbath 23 February excitement filled the hall to mark a very special and memorable renewal of marriage vows service in Bourneville church. There were twenty-three couples who participated in this special event. Pastor Cyril Sweeney, accompanied by his beloved wife, conducted the ceremony. The occasion was organised by the Family Life Ministries and Community Services departments, spearheaded by Norma Flores and Hilda Haarhoff. To strengthen family relationships, especially between husband and wife, was the primary aim of the occasion.

‘Love at Home’ echoed in the air as the song was sung by the Messengers Quartet from Liverpool prior to the service. The instrumental music ‘Jesus’ was played, the officiating minister, followed by the twenty-three participating husbands, walked down the aisle. As the husbands waited for their wives to enter the hall, the entourage, which included the children of the couples, marched in. To prepare the way of the twenty-three participating wives, the little children scattered flowers along the aisle.

Entering the hall were the beloved wives, all looking beautiful and elegant, giving their sweetest smiles as they walked in, one after another, meeting their husbands as they reached the centre aisle. What a lovely scene — a replica of their wedding day — now witnessed by their children! It was heart-warming to see the couples walking together, wife on her husband’s arm — a symbol of unity and togetherness as they share their challenges in their marriage relationship. Among them were Mr and Mrs Cecil Woodburn who are in their 47th year of marriage, and their relationship remains strong and sweeter through God’s grace.

In his sermon, Pastor C. Sweeney emphasised that the most important tool for any conflict resolution is forgiveness. After the sermon a very special prayer ascended to heaven: prayer for all the married couples, the children, single parents, and also for those who are contemplating marriage. It was a blessed moment when each couple solemnly signed their certificate for the renewal of their marriage vows — a symbol of recommitment of their love for each other. Everyone joined their voices in singing ‘Household of Faith to close the morning programme.

Afterwards, church family and friends remained for a lovely fellowship meal. At this first the co-ordinators were concerned that there was not sufficient food for the large number of people who came to share the memorable occasion. But — shades of Cana — more food came!

The Coronary Health Improvement Programme (CHIP) leadership Training Seminar, organised and part-sponsored by the BUC, attracted 250 registrants, representing ninety-eight churches from across the British Isles. The attenders spent four days at the Conference Lakes Conference Centre near Bedford from 3 to 5 April, where they participated in lectures, workshops, skills and interactive learning led by members of the US Advestit CHIP Association.

The CHIP training team included Pastor Harold Burden, chair of the Association, Dr Lynda Nelson, programme developer and director, and Dena Guthrie, workshop team co-ordinator. Sharon Platt-McDonald, BUC Health Ministries director, facilitated the event.

It was encouraging to see the broad spectrum of delegates which included pastors, health ministries leaders, lay workers and healthcare professionals, actively participating and eager to implement what they had gained through the course of the training.

The Sabbath programme was both spiritually uplifting and inspirational. Susanna Matthew led a moving worship service, accompanied by husband Chris Rogers on piano, and daughter Alexa on violin. An enlightening presentation was undertaken by Dudley pastor, Malcolm Watson, his wife Naomi, and a team from across the Midlands, who shared some of the positive life-changing effects both they and others experienced in participating in the MicroCHIP programme.

Representing the South England conference, Area co-ordinator Pastor Olive de Silva, and SEC Health Ministries director, Elsie Staple, shared similar experiences, captured vividly in DVD format skillfully created by the former. This also depicted their readiness to move on to the next stage of implementing the full CHIP programme in the London area. It was heartening to see the impact of this outreach ministry in reaching the community both on the spiritual and physical level.

In her sermon, Sharon Platt-McDonald referenced Psalm 42:5 and spoke of hope as ‘The light in the distance which keeps the vision of your goals illuminated’.

Excellent music was rendered by violinist, Chris Rogers, with a moving Bach piece and the spiritual ‘I want Jesus to walk with me’, and Denzle McDonald singing ‘The wonders of his hands’.

The afternoon programme continued with a talk about the needs of the husbands and wives. By knowing these, the couples will be able to understand and cater to each other’s needs, thereby making the marriage bond stronger. After the talk, the certificates, printed and framed, were given to the couples. The marriage cake was then shared by everyone.

As a sign of gratitude, a beautiful bouquet of flowers and a token were presented to Pastor and Mrs Sweeney. Elder N. Flores gave a vote of thanks to all who attended and took part — members and visitors alike. Heartfelt gratitude was also extended to the hard-working organiser, and all who supported with cash, time and talent to make the occasion a success! For all husbands and wives, may the theme for this memorable occasion — the greatest of these is love — always be in our hearts!

Spring harvest

Spring is in the air; the daffodils are blooming, the apple and cherry blossoms are resplendent in their array of colours. Everything is fresh – new growth, new beginnings, new life. The joy of spring can be felt across the churches that comprise the South England Conference, as many have been engaged in a flurry of evangelistic activities.

The Brunton church, Pastor Ainsworth Joseph of the Kingsborongate SDA church in New York, along with singing evangelist, Raelle Fear who hailed from Jamaica, conducted a series of meetings on 23 March in a church in the Brunton where four individuals were baptised, with thirty more people being prepared for baptism. It is hoped that by the end of 2008 the Brunton church will exceed the 1,000 member mark. (Their membership currently stands at 797!)

In September 2007 Pastor Joseph also held a series of meetings at the Croydon church, from which thirty-eight individuals were baptised. At that time a number of the newly baptised were not quite ready for baptism. However, on 26 January ten individuals were added to the church through baptism.

During the month of March the Edmonton Central and the Tottenham West Green Road churches invited Pastor Steve Rizley of the South Caribbean Conference to conduct their annual Youth Week of Prayer. The meetings concluded with the baptism of seven persons.

At the Church at Enfield, under the leadership of Pastor Jon Gendle, during the month of February increased their church membership when three new members were baptised. The Church specialises in ‘prospects evangelism’ which means, rather than having campaigns run at intervals, regular Sabbath morning services are designed to be ‘unchurched friendly’ and contemporary in style, in order to attract people from the local community.

Across the Conference spring has sprung, the evangelistic harvest continues, and summer awaits our earnest efforts for the Kingdom.

ASSISTANT HEAD POSTS (2) FOR SEPTEMBER 2008

Salary LA – £9 Inner London Allowance
Post 1: Student Achievement and Support
Post 2: Curriculum Teaching and Learning and Assessment

This is an outstanding opportunity for two highly motivated and creative Christian professionals to make up our dynamic and experienced Senior Leadership Team.

We are looking for exceptional practitioners with ambition and high expectations to rapidly improve student achievement.

The John Loughborough School (JLS) is a small (270) voluntary-aided, mixed 11-16 comprehensive. We have a vibrant student community who are eager to learn and although currently under an OFSTED ‘notice to improve’, we are making far-reaching changes with high quality support from our Local Authority, London Challenge and Education London.

Each post-holder will have specific leadership responsibilities within the team; demonstrate a good track record of improving student teaching; the ability to coach other teachers to classroom effectiveness; and the ability to work collaboratively and flexibly.

POST 1 (STUDENT ACHIEVEMENT AND SUPPORT) Your priority would be to lead the tutors and pastoral managers in ensuring that students achieve their potential. You will be working with external agencies to remove barriers to learning.

POST 2 (CURRICULUM TEACHING AND LEARNING AND ASSESSMENT) You will have two priorities – to ensure we use student data to make effective interventions to raise standards; to plan and deliver a curriculum that meets student needs, while recognising the constraints of a small school.

Application packs are available on the school website: johnloughborough.haringey@gpl.net or by contacting Mrs Y. Gordon, PA to the head teacher. Visits to the school can be arranged by contacting the PA.

Closing date: Monday 12 May 2008
Interviews: 13-16 May 2008

Art Teacher A
MPS and Inner London Allowance

Food Technology Teacher A
MPS and Inner London Allowance

Humanities Teachers
Post 1 Head of PSHE (Teaching PSHE, citizenship and sociology)
Post 2 Head of History (Teaching history and RS)
MPS + TLR 2x Inner London Allowance

Drama and English Teacher
MPS and Inner London Allowance

Science Teacher
MPS and Inner London Allowance

Closing date: Monday 12 May 2008
Interviews: 13-16 May 2008

Support Staff Vacancies

AvA/ICT Technician Scale 4
32 hours (52 weeks)
Special Needs Assistants (2 posts) Scale 3 29 hours (40 weeks)
Secretary/Receptionist Scale 4 29 hours (40 weeks)
Cover Supervisor (2 posts) Scale 6 29 hours (40 weeks)
Art and Display Technician Scale 4 29 hours (40 weeks)
Science Technician Scale 4 29 hours (40 weeks)

Closing date: Monday 12 May 2008
Interviews: from 19 May 2008

The John Loughborough School is a voluntary-aided Seventh-day Adventist school for students of all faiths between the ages of 11-16 in the borough of Haringey. The school’s motto is SPIRITUS MENS CORPUS, indicating that the students are encouraged to aim at the great ideals of spiritual maturity, mental excellence and physical well-being.

The school is on the OFSTED category Notice to Improve and is aiming to make great improvements to make John Loughborough a good school where all young people achieve and become citizens of whom their parents and the community can be proud.

We are seeking teachers who will know what works in effective schools. The posts offer opportunities for ambitious, innovative, hard-working teachers to make their mark. The successful candidates will have good knowledge of their subject and a commitment to the highest standards of learning and teaching and must subscribe to the values of the school.

If you are interested in applying for a post, application packs are available on the school website: www.johnloughborough.haringey@gpl.net or by contacting Mrs Y. Gordon, PA to the head teacher. Visits to the school can be arranged by contacting the PA.
