Attention all Dentists,

The 70th annual NASDAD convention concluded less than 5 days ago and during it we were reminded of the three original goals of those who founded NASDAD and subsequently LLU School of Dentistry.

- Christian Dental Education
- Support of Dental Missions
- Collegial Association of Christian Dental Professionals

NASDAD has continued this focus alongside LLU School of Dentistry and now there are three (3) international service opportunities that need your specific consideration.

**Seventh-day Adventist Mission Clinic at University of East Africa, Baraton, Kenya**

Contact Doyle Nick for more details.
Email: dnick@llu.edu

The dental clinic in Baraton, Kenya at UEAB, mainly provides care to students & faculty. The dentists that are there full time will be gone from Nov 13-Jan 14, 2013. They would like a dentist to volunteer to provide coverage during their absence. Room & board & airfare for 1 dentist will be provided. Baraton is a very pleasant to be and you would enjoy this opportunity very much.

**The Loma Linda University Service Learning Department is looking for volunteers to supervise students in Ethiopia and Honduras for this coming December.**

Contact Anne Nicolas if you are interested in learning more about these Service Learning opportunities.
Email: anicolas@llu.edu
Phone: 909-558-7279

NASDAD does not have any additional information so you MUST contact the LLUSD Service Learning Department.

**Ethiopia (December 13, 2013 through January 3, 2014)**
The Ethiopia Mission trip will be in conjunction with the Tropical Alliance Foundation (THAF) to serve the Dembidollo and Addo area. Tropical Health Alliance Foundation sends teams of Dentists to rural areas of western Ethiopia every year. Most of their efforts are aimed at doing dental extractions due to the high incidence of severe dental abscesses. THAF and LLUSD have been working together for the past 5 years to provide dental care in Addis Ababa.

Cost:
Estimated airfare $2400 (subject to change until purchased)
Food and Lodging Addo/Dembidollo: Free
Food and Lodging in Addis: $100
In Country transportation: $100
Grand Total: $2600

2/3 Reimbursement for Airfare & In Country Transportation is available for LLUSD faculty six-tenths or more by LLUSD or for an alumn of LLUSD and who have graduated within the past 5 years

Honduras (December 27, 2013 through January 5, 2014)

We will be joining the Students for International Missions Service (SIMS) group from Loma Linda University to the Pan American Health Service (PAHS), a nutritional rehabilitation center for children under 5 years of age located in the mountains of North Central Honduras. SIMS teams have provided medical and dental clinics for the PAHS community for more than 5 years.

Costs including food/lodging/transportation: $1400

2/3 Reimbursement for Airfare & In Country Transportation is available for LLUSD faculty six-tenths or more by LLUSD or for an alumn of LLUSD and who have graduated within the past 5 years

Long Term Mission Dentist Opportunities

The Dental Affairs office of the General Conference Health Ministries Department helps to coordinate missionary dentists for a myriad of mission dental clinics. There are often openings available for a dentist who has it on his or her heart to go into international mission service. If you are one of those dentists, please contact Dr. Doyle Nick (office phone: 909-558-4607 and email: dnick@llu.edu) for details.
