England 2014 - Only Three Weeks to Register
Our England gathering, scheduled for November 1-3, 2013, on the campus of Newbold College, is filling up fast and the time to register comes to a close in just three weeks. We hope you'll come and join the conversation, and be challenged to live a life that sings, "Just. Jesus.” To learn more about the gathering, schedule, FAQ, etc... please go to the website. Otherwise, we encourage anyone attending a gathering to spend time preparing by reading the Gospels and the Desire of Ages as we focus our gaze on the author and perfector of our faith.

Seattle/Orlando 2014 Updates and Theme

With every newsletter TOP sends out, there are more changes and exciting opportunities being added to the schedule for the Seattle gathering and the Orlando simulcast. AND TO OUR FRIENDS ON THE EAST COAST, please be sure to remember that you can join Seattle from sunny, Orlando, FL. Orlando will offer live music, a host, and table facilitators, then all of the presentations will be streamed from Seattle. With that, note that the theme for this next year's gatherings is "Present Truth." We are excited to explore this guiding principle together as we dialogue more on the Prince of Peace and what He still has to teach us. To learn more about other updates, check out the schedule and peruse the FAQ page to start preparing even now. We do encourage you to register and reserve your lodging for Seattle as soon as possible as rooms will fill up quickly. The Westin is offering us an incredible rate of just $129/night, hard to beat in downtown Seattle, and you can take the Light Rail from SeaTac Airport to within one block of the hotel for $2.75 per person each way. As stated, you may also wish to join us from Orlando and can register and secure lodging as well. Hope to see you at one of these gatherings.
Kids Programming in Seattle

We are excited to announce two options if you are planning to bring your children to the One project gathering in Seattle. The first is TOP Kids, and will consist of programming and care for children between the ages of 0-24 months. The second is Generation One, which involves programming and care for kids between the ages of 2-16. Both groups will be supervised by college students with complete background checks and child protection education. The cost for care for both days is $150, but please register your children no later than January 1, 2014, giving us time to plan for the appropriate amount of care and programming for your child. The rooms for both groups are right across the lobby from the general meeting room at the Westin, so it'll be easy access to your kids when you need them or they need you. REGISTRATION OPENS NEXT MONTH.

New Book by Terry Swenson

In Interplace: The Circle of Belonging, author Terry Swenson gives a refreshing look into living in a community of love with God and with others. He examines what these communities look like and how we are supposed to live them out in today’s world. Swenson does this through a two-phase process. In the first phase, he studies Jesus’ advice to figure out what is happening in the culture around us while we seek to live the
Missio Dei (mission of God). The second phase discusses how we communicate the Gospel and build our community in a culture that is so distinct from previous historical times. This is also available for pre-order on with Logos Bible Software, to join with all your other Logos Bible study tools.

**TOP App Redesigned**

We are currently in the process of redesigning the One project Apple App. The design is much cleaner, the items are more easily organized, and your options for interfacing have increased. You'll be able to view previous message from One project gatherings, access the latest news feed, update your profile, and get valuable resources available through the One project. We hope to launch the App soon, but if you don't already have it, [click here](#) and download the app. Then when the new app is launched, you'll be asked to update.
"Present Truth" for AU, LSU, PUC, and WWU

This year, four of the 13 Adventist Universities in North America have joined together and decided to join the One project in its focus on "Present Truth." This theme will be presented at different campus worship programs through the year on each campus. For
example, at Andrews University, the entire chapel schedule is focused around "Present Truth." At Walla Walla University, as well as La Sierra University, the Friday night Vespers program, at least for part of the year, will include preachers tackling the concept of "Present Truth." Pacific Union College will be discussing 'Present Truth" in their Sabbath School and during a Revival with Elder Jose Rojas. Pray for our universities as they tackle one of the guiding principles of Adventist theology.
