Check your name...

While we have 731 registered for the gathering in Seattle, we are still missing over 100 names of individuals.

1. Check that your name, city and country are correct by downloading the current list.
2. If you have not submitted your name or names of those you are bringing please email them.
3. We are exploring options to provide more space for those on the waiting list. If you know someone who wants to join us still ask them to email info@the1project.org.
