Dear Friends,

This little note is an invitation to spread the good word of what God is doing through the One project gatherings. We have heard so many testimonies of people inspired to live afresh for Jesus and His church as a result of our time together. How many more might experience a similar revival!
If you have been blessed by attending one of the gatherings [click on this link](#) and send a note to the provided recipient list of church leaders.

Let them know you are praying for them, that you lift them up before God as elders and overseers for the church, that you share a passion to see the Holy Spirit move powerfully in our global congregation, and that Jesus has touched you and others through the One project.

May you experience the height, depth, and breadth of God through Jesus Christ this day and until He returns.

Sincerely,
the One project Board
