Greetings!

In week 2 of The Story Project, we hear from Kari, who shares her story of how Christian music has become a huge part of her life.

Positive Life Radio is one of the first things she hears in the morning, and it is also one of the last things she hears before she heads to bed.

In her video, Kari shares how songs like Laura Story's "Blessings" and Big Daddy Weave's "Redeemed" took on a whole new meaning for her.

I hope you'll listen to Kari's story by clicking the image below, and be blessed today. Also, I encourage you to follow along as we hear more stories over the next few weeks. God is working in incredible ways.

Blessings,
