Dear Friend,

Thank you for tuning in during Days of Compassion this week. And if you sponsored a child, thank you from the bottom of our hearts! A child's life is being changed through your love and the love of Jesus Christ, and that is priceless. If you have enjoyed the past few days, we would invite you to participate in another Compassion International venture.

The *Compassion Mobile Experience* is coming to Othello and Spokane. This is an opportunity for you to step into the life of a child living in poverty and explore their world from a different point of view.
