Disciple Multipliers Initiative Report

The testimonies received from the participants of the Disciple Multipliers Initiative (DMI) revealed that life-changing principles were seen and embraced.

"We've been able to see things about God and in ourselves that we haven't before. We haven't really been disciples of Jesus. Look at Peter and Paul, they had to meet many difficulties and challenges and move through them. We haven't even reached zero for what those disciples were doing. It makes us feel like we haven't really been disciples yet. We've got to be closer to God. And have more time with Him. Pray more than we have been."

Three weeks did not spoil the fellowship but only increased the depth of camaraderie.

This training launched a new method with which the Global Mission Buddhist Study Center (GMBSC) can serve its constituent countries. We believe the Lord abundantly blessed the fourteen leaders from five SE Asia countries who attended the DMI.

"It's helped me to improve my personal spiritual life. I will go back and study more God's word that I've been neglecting because of my

REMINDER:

Please continue to pray for the people of Japan and our Seventh-day Adventist brethren.

You may update on our church relief works at http://www.adventist.jp

WE NEED YOUR FEEDBACK:

Is your e-newsletter coming through appropriately: in portrait and not landscape? Are the pictures downloading? Would you please take a minute and send your feedback and suggestions to: prayersamongbuddhists@gmail.com

Thank you so much!
work. I’ll study more deeply. And spend more
time in prayer.”
These results are a direct answer
to many earnest prayers.

We have been stretched and inspired to press
together to seek a deeper walk with the Lord. We have
a greater hunger for His Word to be lived out in our
lives. Also it gave us an increasing thirst to be prepared
for the final and full outpouring of the Holy Spirit in
Latter Rain power.

The principle of making our family
a priority is a special charge given
us by God. Neglect in this area can
harm or even nullify the rest of our
witness for Christ.

"The plan I have as I return is to
start with my family. I want my
family to know what it means to
be truly a disciple of Jesus. I want to pray lots with
my wife and my children.

I want them to see that being close to God is a good
thing. It is a protection that would keep us
from hurting other people and God."

"I have been neglecting my wife, now it’s only the
both of us at home. I get busy with my work, and do
not care for her. I want to improve my relationship
with my wife."

"I will first spend more time with my wife and my
son. We will study and pray more as a family."

The second principle that was enjoyed, was scripture
memorization.

"I am used to heavily depending on notes when I
preach. I’m struggling to memorize these Bible
texts. I have to start memorizing more Bible
texts, to keep them in my mind."

We even had a contest on the last Sabbath afternoon
that was fun for everyone. Some did well in saying all
the scripture passages they had learned, some not so
well, but there was no spirit of competition, just a

We sense a growing desire in God’s
people to reveal the character
of Christ fully on this earth.

"You can’t give to others what
you don’t have; can’t train
others to be a disciple if you
are not first a disciple. “I
should be a true disciple. Then
I can make other disciples for
Jesus also.”

If faithful and loving obedience to
God’s law is seen in our families it
will flow into our congregations.
Isn’t it high time we actively put our
faith to work - together?

"I believe Satan wasn’t sleeping as
he watched us come together;
watching, waiting to fight with us
-- because we came to practice
how to be disciples of Jesus. He
doesn't like it. We've got to be
strong and close to God."

Let’s continue to meet together
before God’s throne to pray for the
DMI graduates. After such a marked
blessing from heaven, we want to be
braced for the enemy to launch a
striving to hide the Word in our hearts.
