Bringing children to Jesus!

Dear Center for Adventist Research,

You know how precious children are in the sight of God.

And our recent mission outreaches have proven once again, reaching the children is essential to reaching the whole community!
Over and over, the children you reach go on to share Jesus with their families.

And **there are so many opportunities to bring children to Christ**—clinics, humanitarian relief and of course evangelistic children’s programs!

Each $1.65 can provide a medical visit, $74 can make two weeks of children’s outreach possible.

**Your gift of any size can bring a child to Christ**—and reach her family too!

Will you bring children to Jesus today?
