I want to take this opportunity to invite you to a remarkable seminar of Biblically based lectures that continue tonight, Saturday, June 15, 2013, at 7:15 p.m. This multimedia seminar is coming live from the sanctuary of Historic Manhattan Seventh-day Adventist Church, located at 232 West 11th Street, in the heart of beautiful Greenwich Village, NYC.

Many of you have joined us at our various vegetarian seminars, healthy lifestyle seminars, and other programs that REACH-NYC has sponsored over the past two years. This seminar series is an opportunity to look deeply into what is transpiring in our world today, how it affects each of our lives, and the Revelation of Hope, offered in a straightforward series of biblical presentations.
The series will be presented by Ted Wilson, who has traveled the world and lived on three continents. He began his early ministry in New York City and holds a Doctorate from New York University. He understands the complexities of life New Yorkers face. Dr. Wilson has a genuine concern for people in urban environments and presents hopeful answers from the Bible that meet 21st-century human needs.

"You will thrill at his practical, down-to-earth style combined with his profound knowledge of culture, world affairs, and the ancient scriptures. He has lectured in more than 100 countries and now returns to New York once again to share life-changing principles in his Revelation of Hope series." --Hope Channel
