Music has the ability to speak to every part of man: his spirit, his mind, his emotions, his will, his body, and his flesh. Unfortunately, when Satan (the anointed cherub) fell, he brought his musical ability with him. Since that time, music has been a powerful force in man whether used by God or by the devil. This forces us to use all of our spiritual discernment and God-given judgment to determine what is and what is not proper worship music.
The Heavenly Music Hymnal

This hymnal contains 183 favorite hymns from both the "old" and "new" Seventh-day Adventist hymnals, even referencing page numbers at the bottom of each page. Designed for carrying with you wherever you go, it is perfect for use in churches, small group studies and personal devotions.
