"Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man." (Luke 21:36).
We are living in times of uncertainty and increasing intolerance. The Christian right and the liberal left are locked in battle over the future of our country. We see both parties, and the issues at stake.

The secular world is being awoken to serve capitalism, to take over, a more precarious, impending judgment. Will churches be the first to fall, or will they rise to the occasion?

In The Atheism Prophecy, author Ivor Myers takes a look at the world in the context of what is occurring between faith and religion in the theory of fairy tales. We face a new world of believers with a chance to discover a solution to what is wrong.

Whether you are a believer or a non-believer, this book is for you. The Atheism Prophecy will expose you to a new world of possibilities. The solution may be closer than you think.

Ivor Myers is the author of numerous books and a former chaplain at the Salvation Army. His wife, Alice, co-hosts a radio program on AIME Ministries, a faith-based radio network.
