GOD’S CHURCH MUST:

BE ENGAGED IN PRACTICAL MISSIONARY WORK: In every place the sick may be found, and those who go forth as workers for Christ should be true health reformers, prepared to give those who are sick the simple treatments that will relieve them, and then pray with them. Thus they will open the door for the entrance of the truth. The doing of this work will be followed by good results. Our Sabbath-keeping families should keep their minds filled with helpful principles of health reform and other lines of truth, that they may be a help to their neighbors. Be practical missionaries. Gather up all the knowledge possible that will help to combat disease. This may be done by those who are diligent students. {Medical Ministry, p.320.}

ENTER EVERY FIELD: The instruction the Lord has given me is that a field should not be shunned because it has objectionable features. This world was seared and marred by the curse, but still Christ came to it. He, the Son of the most high God, was made flesh, and dwelt among us. He willingly left His high command to take His place at the head of a fallen race, becoming poor, that through His poverty we might be made rich. (An Appeal for the Medical Missionary College, pages 11, 12.)

ENCOURAGE MISSIONARY SPIRIT: The Lord has encouraged those who have started out on their own responsibility to work for Him, their hearts filled with love for souls ready to perish. A true missionary spirit will be imparted to those who seek earnestly to know God and Jesus Christ, whom He hath sent. The Lord lives and reigns. Young men, go forth into the places to which you are directed by the Spirit of the Lord. Work with your hands, that you may be self-supporting, and as you have opportunity proclaim the message of warning. (Letter 60, 1901.)
