Dear youth,

Following some concerns for safety, we are advising only experienced youth leaders lead any outreach, in your area. Our advice is to stay in your own area and not travel across town, and then only venture out with local leadership blessing, (Youth Leaders, Elders or Pastors).
Watch constantly for updates on the Radio, TV, and Youth Website, Facebook, and Twitter, and if you think it's too dangerous then don't go out. We will advise during the course of the day if plans change.

Let us know if you want cards to take safely and prayerfully into your areas. Ring The SEC Youth Department for more information.

Blessings,

Colin Stewart
(SEC Youth Director)
