Students Receive Recognition For Scholarship, Excellence

Forty-three honor awards were presented to Loma Linda University students recently in commendation of superior scholarship in research or in recognition of general excellence. Following is a list of this year's awards arranged by schools:

School of Health
Related Professions
Alumni Association Achievement Award: Linda C. Toger.
Alumni Association Scholarship Award: Kenneth H. Davidson.
California Association of Medical Record Librarians Award: Susan A. Dyer.
The President's Award: Arnold L. Friedman.

School of Nursing
Allstate Foundation Award: Margaret L. Auen, Marths J. Duffie.
Alumni Association Award: Constance F. Anderson, Sachiko Hinago, Ray A. Pickard.
Woman's Auxiliary to the Los Angeles County Medical Association: Linda D. Henry, Hanne Lam, Barbara K. Nelson. The President's Award: Mabel J. Klingavel.

Reception Honors President Ending 13 Years in Office
Loma Linda University president Godfrey T. Anderson was honored Tuesday, May 23, at a reception attended by several hundred University employees, alumni. The reception was held for Dr. Anderson from all over the United States, who were unable to attend the reception, sent gifts totaling more than $3,000 to the University expressing best wishes to Dr. Anderson at the conclusion of his 13 years as president.

Both Dr. and Mrs. Anderson were presented a check as an expression of appreciation for their years of service to the University and the community.

Dr. Anderson assumed his duties as University president in 1954, following seven years as president of La Sierra College.

A native of Chicago, Illinois, Dr. Anderson graduated from Bentley College in Illinois, and received a doctor of philosophy degree in the history of the University of Chicago in 1944. In addition to being the author in various articles in various publications, he is listed in Who's Who in America, Who's Who in California, Directory of American Scholars, and Who's Who in American Education.

Dr. and Mrs. Anderson have four children—Dennis K., MD, who is completing an internship in the United States Navy; Donald L., SM who is completing his doctorate in the University of Denver; Connie F., 1967 School of Nursing graduate; and Ronald L., 1967 graduate of La Sierra College.

New Post Created For Student Affairs
William G. Nelson was named to the newly created post of vice president for student affairs at a recent meeting of the University Board of Trustees. Mr. Nelson will take office July 1.

The 38-year-old administrator became a dean of students at La Sierra College, Riverside, in 1963. He has been on leave from the school this year while a doctoral candidate in the University of Oregon in college student personnel administration. Mr. Teile will complete his dissertation in the same field for a doctoral degree from the University of Denver.

Mr. Nelson received the bachelor of science degree in 1959 from Union College, Lincoln, Nebraska, and the master of arts degree in 1960 from the University of Colorado.

From 1963-1964 he served in the United States Navy. For six years he was principal of Denver Union Academy, Denver, Colorado, and he served as principal of La Sierra Academy, Riverside, from 1963-1966.

Mr. Nelson's leave, Tracy B. Teile has served as dean.

Overfield Tide of Visitors Tour Nearly Completed Hospital
More than 4,000 visitors toured the nearly completed University Hospital last Sunday on the day of the University's 55th Commencement weekend. Although many were here for the graduation services, the majority, officials noted, came from the general public, and represented many parts of the state.

At 9 am a brief symbolic presentation of the structure was made by construction officials. University president Godfrey T. Anderson, 1944, accepted a model of the building from Larry C. Havel, representing the contractors. Also present for the builders and Gerald L. Huntington, manager of project operations, and John J. Devlin, project superintendent.

A prayer of commitment to service was offered by Maynard B. Smith, chair of the Board of Trustees. Acting hospital administrator Calvin King welcomed the visitors.

Following this, a pledge of high service to the people the structure will serve was made by David B. Hinshaw, MD, dean of the School of Medicine, representing the faculty and staff. The doors were opened by Robert L. Loomis, president for financial affairs.

Guided tours in groups of 25 were conducted until the construction and tour was completed.

Large crowds were turned away, unable to get into the hospital.

Officials estimated that the new facility would be open to receive patients July 9. The remaining month will be spent completing final details, they noted. The official dedication will be held in late October, according to a date set for September 24.

Construction of the 11-floor structure, with over 20 stories, was begun three years ago this month. The hospital is expected to be completed in the spring of 1968, officials said.

This automatic release of

Certiication Red Tape Cut For Students Under G. I. Bill
A new "one time only" form called a revised Certificate of Attendance (VA Form 21-653A), has been sent to students attending schools and colleges under the GI Bill, according to Morl Webster, manager of the Veterans Administration's Southern California Regional Office.

Mr. Webster pointed out that this form is called "one time only" because after its initial completion, no further report will be required from the student until the end of each full period of enrollment. This could be at the end of the summer term or at the end of the next year's full enrollment period.

Students with scheduled term dates in May or June, 1967 should complete the new certificate of attendance and return it immediately to the VA for processing. When the VA receives this revised form at its regional office, 1330 South Sepulveda Boulevard, Los Angeles, California 90045, the May VA checks will be re-issued to the students.

The physical check for June will be sent by the VA shortly after the end of the summer term, and any other student reporting.

The new certificate of attendance is an outgrowth of the June payment veterans should have been sent to their last known addresses with the local post office.

This automatic release of checks on a monthly basis will continue for the duration of the student's period of enrollment. Students should remember that their full period of enrollment is not necessarily the calendar year, but may be any period required in their particular field of training. Further reporting will be necessary.

This new system of simplified reporting was developed by the Los Angeles VA office and has been adopted across the nation.
Give me Freedom

"Give me freedom, or give me death!" — Was this the famous declaration of the colonists or was it, "Give me liberty, or give me death!" There is a difference between these two statements. Liberty connotes release from bondage, political emancipation, and freedom from pesonages which imply independence, frankness, and outspokenness. As we hear the voice of youth, we are increasingly aware that they are demanding "freedom" in all phases of education, society, marriage, sex, drugs, and so forth. We are told that their choice may frustrate and cause abnormal situations. Youth feel that they should not be controlled or made responsible, but they often lack the成熟 or insight to look at freedom without choosing or forgetting that anywhere there is freedom there comes responsibility. Man at creation was aware of his complete freedom of choice, yet he knew that this choice and freedom also carried responsibility and eventual consequences.

"Freedom" in educational processes has brought on the present-day excesses found on many campuses of the land. Sex freedom — promiscuity — was beginning in ruling the home, as witnessed by divorce, broken homes, wife-swapping, and homeless children. Indulgence in narcotics, drugs, and alcohol has rendered millions of men and women incapable of thinking clearly and intelligently, and has relegated many to second-class citizenship. A lax "freedom" in religious life has brought an attitude of "It really does not matter . . . God is dead," or, "God is unfair, for he attempts to control our thinking and behaviour." This is the mod interpretation of freedom.

Man can assimilate only so much freedom. We in our society are not equipped to handle the presence of restrictions. Today's laws and regulations are entirely necessary to maintain a moral society, yet some would do away with such "impossible" omnibuses.

In the 1920's, when democracy was decided by men of God and dedicated to Christian education, we hear some youth calling for abandonment of rules and standards held by the church. How does one give the power to choose, give us the privilege to decide what we feel is good for us." These are oft-repeated demands. But these very youth need to be directed, guided and led. They are not socialized in seeking freedom without at the sametime lacking in responsibility to themselves and their fellowmen.

With all the purveyors of new ideas, discarded theories, liberalized attitudes, and flagrant abandonment of moral principles, is it any wonder that many fear society is crumbling and fast going the way of long gone civilizations? Our primary consideration should be to prepare our minds, hearts and bodies for the soon return of a redeeming Saviour who will bestow upon man the freedom of eternity.

Mores Tentacles Exposed

The latest US Public Health Service report on cigarette smoking and health not only shows evidence of the habit's relationship to certain causes of death and chronic disease but exposes tentacles influencing such lesser ills as on the scene in men was 2.4-2.5 times greater in habitual smokers.

In women the rate went to as high as three times as many instances of the disease.

Interesting patterns in other respects were also highlighted by the study. For instance, there was a higher incidence of infective and parasitic diseases and influenza in smokers than in non-smokers.

The report even noted that a relationship between smoking and injuries was indicated. Male smokers reported 32 per cent more injuries than males who had never smoked. Women smokers reported 17 per cent more injuries than women who had never smoked.

It is also noted that persons who smoke are absent more days from work than those who do not smoke. This might, however, be a result of a higher incidence of persons who have never smoked. In addition, "the number of work-loss days increased consistently among present smokers in accordance with the number of cigarettes they had smoked daily when smoking the heaviest."

This pattern was consistent in both sexes, although considerably more marked among women.
Graduation

A CLOSED circuit television camera focuses on N. Reginald Dower, secretary of the ministerial association of the General Conference of Seventh-day Adventists. Television receivers were set up in the Campus Chapel and Fellowship Hall to accommodate the overflow audience for the baccalaureate sermon last Sabbath, held for the first time on the Loma Linda campus.

SN Homecoming

THE CLASS "FOM" was a popular feature at the Homecoming. Alumna could refresh their memories of which name belonged to what face. A record number were in attendance.

NAMED NURSE of the year for her untiring service in fostering alumni association goals, Jeanne Middleton, '30, receives an honor plaque from the new president.

CELEBRATING its 45th anniversary at the Alumni Homecoming, the members of the class of 1922 present were (front row, left to right) Jessie Burwell, president, Lyra George, AMMC '22, (guest), Irene Barnes, Irma Shilling, (second row) Ruth Officer, Fern Everett, Dorothy Davidson Weaver, Zella Green Turner, Mary Colby Montelith, Eda Winslow Sargent, Corrine Webster Dyhre, (third row) Pearl Slemme, Mary Altman Lindsay, Lulu Altman Elwell, Anna Paulson Edwardson, Beulah Falconer, Edith Whitman Ham, Margaret Dillon Israel.
Mission Appointees Seniors Honored at Final Convocation

Seven Loma Linda University seniors who are deferred mission appointees were honored at the President's Awards con-

vocation held last month, ac-

According to Claude E. Randolph, MD, associate secretary of the General Conference Medical De-

partment, three of the seven students are under appointment to spe-

Loma Linda University graduates who received deferred mission appoint-
ments discuss their future mission posts. Pictured from left to right are Clark Braman, SM©67; John W. Mortenson, SM©67; Donald L. Cram, SD©77; Harold D. Lambeth, SD©77; and John W. Kizziar, SD©77.

RADIOLIGY ACQUIRES ELECTRONIC CAMERA

A Sotinigram camera, an electronic diagnostic tool that detects and records the pres- ence, concentation, and distribu-

tion of radioactive substances carried to body organs is now coming to this radiology department. The new camera aids in the determination of organ func-

tion as well as localization of tumors and other pathological processes. The main advantages over other scanners are short-

er scanning time, easy position-

ing, and better data.

The principal uses of the camera are scans of breasts, liver, lungs, kidneys, thyroid, spleen, spleens, and bones. The instru-

ment also promises to re-

search and additional clinical uses.

Expectant Parent? Join Class July 6

"Preparation for Childbirth" classes for expectant parents, currently being prepared and coordinated by Clarice J. Wood, currently assistant professor of midwifery, will be offered by Linda University next month.

The classes, scheduled each summer, fall, winter, and spring, are offered in eight-week sessions. The first session begins June 7. Husband and families are encouraged to participate whenever possible. One of the eight classes is planned for couples, at which time a physician will be present to answer questions. A $10 registration fee is asked for each participant. Membership is limited. Further information may be obtained by writing directly to Preparation for Childbirth, Linda University.

Linda University, Loma Linda, California 92354.

‘Radio Doctor’ Dies in Glendale

Clifford R. Anderson, SN©42, “Your Radio Doctor,” died Friday, June 2, in Glendale.

The course also included class discussions, films, and demonstrations to provide for a healthier, happier experience in pregnancy and childbirth.

A $5 registration fee is asked for each participant. Membership is limited. Further information may be obtained by writing directly to Preparation for Childbirth, Linda University, Loma Linda, California 92354.

'The Doctor' Who Cured "Many" Lives

Erwin J. Remboldt; F. N. Spangler, SM©47; Kenneth H. Emmeison; Robert L. Cone; Ivor W. Woodward; D. C. Butherus; W. D. Walke; E. H. Walder; W. H. Shepherd; J. L. Dittberner; G. B. Streifling; D. E. Dirksen; Frank H. Hale, PhD; J. C. Hayward, SM©36; G. B. Streifling; D. E. Dirksen; Frank H. Hale, PhD; J. C. Hayward, SM©36; Spring, fall, winter, and spring, are offered in eight-week sessions. The first session begins June 7. Husband and families are encouraged to participate whenever possible. Hughes Scholarship For Art Students

The La Sierra College art department recently announced the establishment of a $200 scholarship for promising art students, according to Herschel Hughes, assistant professor of art at La Sierra College.

Known as the Jonathan W. Hughes Meritants Scholarship, the scholarship was named in honor of Mr. Hughes' father who is a former Adventist minister and educational secretary in the Texas Conference. The scholarship will be funded annually by Riverside merchants.

Mr. Hughes has been named the La Sierra fund raiser for the Riverside Art Museum Building Fund. The building fund, established to provide money for the remodeling of the Riverside Young Women's Christian Association building, will house a museum, classrooms, studios, patio, and roof garden.

The project is sponsored by the Riverside Art Association, a privately endowed, non-profit institution.

---

FOR ART STUDENTS

The La Sierra College art department has announced the establishment of a $200 scholarship in memory of Jonathan W. Hughes, former member of the college faculty.

Hughes was a well-known artist and art teacher who had a profound influence on many students at La Sierra. In recognition of his contributions, the college established a scholarship in his name.

The scholarship is open to students who are pursuing a degree in art and who demonstrate exceptional talent and dedication to their craft.
