Church administrators need to recognize the importance of making safety a top priority in all aspects, from services, to Sabbath School classes, to activities, like potlucks, Pathfinders, and various outreach programs, including mission projects. Church employees, volunteers, visitors and children all
require safe facilities and safety and health programs that help protect them from harm.

The Church Safety Self-Inspection will help you identify potential exposures and take steps to prevent losses at your church. In this webinar we will look at the practical tools you can use to conduct this inspection.

Title: **Church Self-Inspections**  
Date: **Sunday, July 13, 2014**  
Time: **2:30 PM - 3:00 PM EDT**
