You hear them coming, with sirens and lights -- those selfless servants and heroes, the men and women who we call fire rescue personnel. This coming month (October) our safety focus is on fire prevention awareness. Learn how you can help make your church and school a fire safe facility. The actions you take today, may save a life - when the alarm sounds.

September is the National Preparedness Month here in the United States. Therefore, we present you five steps to get prepared before the unexpected happens.

1. Be Informed | Learn what protective measures to take before, during and after an emergency.
2. Make a Plan | Prepare, plan and stay informed for emergencies
3. Build a Kit | Build a kit for disasters to be prepared
4. Get Involved | Find opportunities to support community preparedness
5. Business | Plan for and protect your business

To get started with your plan, visit the government disaster preparation webpage at: www.ready.gov/be-informed. You will find the resources you need to create and implement a plan from the experts.

You can also make use of the resources and checklists at: http://www.redcross.org/prepare/disaster-safety-library Here you will find fact sheets, preparedness checklists, recovery guides and other helpful information to keep you informed and safe.

The Red Cross also has a series of Apps. Red Cross Natural Disaster apps provide expert, emergency information when and where you need it.
