Revelation: The Bride, the Beast & Babylon
August 31, 2013

Amazing Facts has announced the brand-new Revelation: The Bride, the Beast & Babylon DVD documentary, a riveting 90-minute video presentation that will help you make sense of the book of Revelation in the way it was always meant to be understood.

Understanding the real meaning of Revelation is more important than ever—especially as the religious world focuses on the growing conflict in the Middle East, a conflict many mainstream Christian leaders point to as the lynchpin of the apocalypse.

But Revelation challenges this popular view, showing that the Bible teaches something radically different, a teaching long understood by the Christian church until a sudden upheaval in biblical interpretation occurred at the end of the 1800s. In this documentary, you will actually learn the real-world identities of the bride of Revelation 12, the woman of Revelation 17, and Babylon—and the war being fought over the heart of Christ’s church today.

This groundbreaking presentation features stunning footage from historic locations throughout Europe, reenactments of major historical and Bible events, and compelling interviews with respected theologians and historians—adding new insight into the intense conflict between the great spiritual powers, the fall of the early Christian church, and the rise of the Reformation.

Educational and inspiring, Revelation: The Bride, the Beast & Babylon is now available for order at afbookstore.com!

God Chooses Ordinary People

A new 2013 sermon from Pastor Doug explores just how much God can use you to do great things for His kingdom!

You don’t have to have a college degree or have miraculous healing powers to be used by God! Pastor Doug explores the Bible, from the Old Testament to the New, to show how God used plain, ordinary folk to reveal His amazing love and transform the world!

Here’s what others are saying about this DVD at afbookstore.com ...

“I am truly an ordinary person and this DVD gave me the hope I desired that the Lord can use me.”

“It’s refreshing to know that I do not have to have a PH.D or supernatural power before working for the Lord. Christ Disciples/Apostles were messed up just like so many of us are, but He used them anyway. I've learned that a lot of time when Christ want to use us it's not so much so we can save others, but it's to help save ourselves. We just need to be willing and obedient to the call.”
