Through the Bible in 2012!

Make a commitment to read the Bible all the way through in 2012. The 53-weekend Voice of Prophecy programs for 2012 will feature a walk through each Bible book. Since there are 66 books, a few programs will include two books. These programs will feature an overview of each book and a few selected highlights. It is then up to you to read the book during the course of the week. The Word of God changes people even when some passages are difficult to fully understand.

Some of my favorites that I have recorded so far are on Deuteronomy and Esther. But they are all enlightening presentations that take a few stories from the book to help illustrate the main point the author was trying to communicate.

Not long ago someone wrote to me and said they were giving up on reading the whole Bible because Deuteronomy was such a “downer.” I emailed this person the sermon on Deuteronomy and was told that another look at the book is now warranted since the purpose was now much clearer.

At the present time I am planning on running the entire 53-episode series on the daily broadcasts this fall.

Join us for this rediscovery of the power of God’s Word in 2012! If there isn’t a station near you carrying the VOP, you can always listen at your convenience on the iPhone or Android apps or at vop.com.
REACH ALASKA Is Doing Just That!
This month for REACH ALASKA each of the churches will launch the POWER of 2000. There are approximately 2000 active church members in the Alaska Conference. The goals are 1) to have each church member hand out at least one enrollment card every week; and 2) for each member to study a set of Bible lessons and join their community friends as part of the June graduation.

Along with the hand distribution of enrollment cards, there are mailings taking place. Please pray for the Alaska church members as they follow up hundreds of requests for Bible studies.

Your Financial Support Is Needed Now
Your financial gift helps provide resources to influence for Christ our listeners, students, and web users. If you wish to assist with the Alaska project, just write that in the memo line on your check or in the comments box at vop.com/give. To give online, click on the Donate link at the bottom of this e-mail. Thank you in advance for your support. The winter months are usually a difficult time financially. I hope you can help so that will not be the case this year!

From a Listener and Student
“I am enclosing this separate addition because there is not enough space on the answer sheet for me to indicate my appreciation for the Discover Bible Series. I have been truly blessed. The series, in every way, is presented in straightforward, easy-to-understand text with Bible passages accented in bold. The fact that I am unemployed allowed me, through your generosity, to benefit from the teachings without having to worry about coming up with cash that I don’t have, and I thank you so much for that!”
Start the New Year with More Income

Did you know that you can multiply your annual income by exchanging your lower performing CD for a charitable gift annuity? With a gift annuity, your income is fixed for life and paid at a rate based on your age.

The benefits of a charitable gift annuity add up. When you transfer your CD, stock, or even cash to us in exchange for a charitable gift annuity, you receive a charitable deduction to offset this year’s taxes. Better yet, a portion of your income may even be tax-free.

With money market funds and CDs producing dismal returns, now is the time to take action to increase your income now and for the future. Contact Ada Swanson at 800.348.5993 or email Ada here. She will be happy to provide you with a free personalized illustration that shows your potential income and charitable deduction.
