Weimar College and Academy Begin Fall Semester

The Weimar College fall semester has begun with 76 students (62 full time/14 part time). Weimar Academy has 45 students (43 full time/14 part time). The campus is full of activity as the college and academy students interact with the Amazing Facts Center of Evangelism (AFCOE) fall program attendees.

The college began with a spiritual retreat and camping trip to Lake Tahoe. Students and staff got acquainted, relaxed, and grew spiritually. Next week the college is holding a week of prayer, September 12-16, with Dennis Priebe speaking.
The academy began the school year with a GLOW outreach. Academy senior Adam Oliver tells the story: “We heard an inspiring sermon from Pastor Ross about sharing our faith with others. After lunch we were able to do that very thing. After praying, we headed out to give the community a survey and pass out GLOW tracts. In groups of 2-4, we knocked on doors asking a few simple questions like: ‘What could we do to help the community?’

“After the survey, we asked them if they would like free Bible studies. At the end of our activity, God gave us five Bible studies! This week each of those contacts will personally be visited by the same students who gave the survey. For a few, this was a new experience, but for all it was a blessing. A blessing that we will keep on receiving throughout eternity.”
