Happy Sabbath!

Tonight’s Webcast
Tonight’s vespers is a special report about Faith Trip beta, the test trip for a revolutionary literature evangelism program. You’ll be amazed as students share how they began canvassing with no money and came back a week later with $4000, having distributed hundreds of books. Go to www.weimartv.com to view the program. It begins at 7 p.m.

Reversing Diabetes - Sebastopol, CA
The Reversing Diabetes team saw wonderful results from the two-day seminar held at the Sebastopol, California SDA church on October 9 and 10. Around 50 people attended the event.
One guest who had endured considerable pain for years was able to sleep comfortably after the first day and had reduced pain by the end of the seminar. Program director, Ron Giannoni, was not surprised. “We see remarkable results over and over again. Even thought the program is short their blood sugar lowers, they start to feel better, neuropathy lessens, and some have even reduced their medications.”

The program combines exercise and diet change in addition to the seminars. “Not only do guests learn how to live more healthfully, they begin to practice the new lifestyle during the seminar,” says Giannoni.

The next Reversing Diabetes event will be held at the Fairfield, California SDA church, December 9-11. In addition, a Reversing Diabetes seminar on the Weimar Center campus is planned for January, 2012.

Join Us For an Outdoor Musical Event
Come to the Weimar College Prayer Garden for an evening of sacred and classical music this Sabbath, October 15. The concert will begin at 5 p.m. Enjoy incredible performances by young musicians. The music presented will include:

- Bach’s Violin Fugue
• Two Violin Concertos
• Uplifting music by the Weimar choir and chamber orchestra.
An offering will be taken to help support an Academy-College mission trip to South Korea. The purpose of the trip is to raise awareness of alternative methods of education in an effort to reduce suicides.

**Academy Campout**

Weimar Academy students and staff members enjoyed a survival themed camping trip last weekend. Some students built shelters and slept in them. Others practiced flint and steel fire making. They also experimented with using fire-heated rocks to keep them warm at night and with cooking over fires.

The most important lessons were in spiritual survival. Students spent solitary time on Sabbath in prayer and Bible study. Sabbath evening they shared their experiences around the campfire. Students enjoyed sharing testimonies and singing so much that they skipped the evening activity and enjoyed time in God’s presence until bedtime.

One student reflected, “This campout was one of the best ones by far and we really enjoyed our weekend. I have gained blessings from this campout experience and I pray for more experiences like this!”
Weimar College PAC Week

We are hearing great reports from Weimar College’s first fall Practical Application Component week. One group assisted a church in Mt. Shasta, California in conducting a health fair. Many members of the community came and most stayed for two hours, experiencing the health stations like massage, nutrition counseling, and exercise.

There is much more to tell about PAC time, but we want you to hear it from the students themselves. Watch carefully next week for a link to the PAC time video!

Your Letters

A recent NEWSTART Guest writes, “Thank God for NEWSTART. They’ve given my back my life. Ask me if you want to know how to feel better.”

We would love to hear from you. Write to communication@weimar.org.

God bless,
Weimar Communication Department
