School is Starting

The campus is astir with life! The College winter semester begins on Monday, with students coming in over the weekend. The new HEALTH class will be starting up as well this Sunday, and this next week will be week of prayer for the entire school body. Please keep everyone in your prayers as they travel.

The Academy students are back and have already started the new semester out with 2 new students. The Academy took some time to go on a Ski trip Wednesday afternoon and had a great time, but a few vehicles of students got stranded and had to wait for a
staff member on campus to get chains and drive up. Up until the end of February the Academy will be preparing for their various mission trips to the Philippines, Belize, Korea, and Utah. If you would like to donate to one of these mission trips, you can go to our donation page.

**Worthy Student Fund**

The new year has begun and everywhere people are in great anticipation of goals to be met and victories to be achieved. As the new semester begins, some of our students will register with a prayer of faith for funding to come in and allow them to finish the entire semester. In recognition of this need, one generous donor has contributed $10,000 and has pledged to match up to $20,000 given to the Worthy Student fund during the month of January! We need your help! Please call in your worthy student fund donation today to double your gift value. Be the answer to one of our students’ prayers today. To donate, call 530-422-7995, or go to [weimar.org/donate](http://weimar.org/donate), or earmark your gift **Worthy Student Fund-Matching Funds** and mail it to Development Dept, Weimar Center; PO Box 486; Weimar, CA 95736. Someone will be eternally blessed and grateful!

**GYC: The Revolution Continues**

GYC went very well! Near the end of December several thousand young people from around the world arrived in Seattle, Washington, one of the most secular cities in North America. You could feel God's presence working at the conference. The meetings were very good, there was time to visit with many friends, and there was a very good representation of Weimar's ministries in the exhibit area. There were times for small groups, for meeting new people, and for networking with young people with the same ministry interests in music, film production, nursing, and pastoral ministry, just to name a few. The outreach time also went very well, as over 2,500 young people passed out over 25,000 flyers in the Seattle area. Churches in Seattle are making it a priority to follow up with interests in evangelistic series quickly so as not to let them fall through the cracks. They are getting so many pre-registrations that they are having to find a bigger meeting hall! God is working mightily!
Seattle is known for being the birthplace of many well known companies, such as Starbucks, Boeing, and Microsoft. What about making it the birthplace of the spiritual Revolution that will turn a godless society back to seeing God as the loving, perfect God that He is, and to seeing humanity as the the cause for so much sin and suffering on earth. We are more than a church – we are part of a movement that will play a part in finishing the work here on earth. Be there next year at GYC in Orlando, Florida. For more, see gycweb.org.

Quote of the Week

"Men must get hold conscientiously and feel that they are doing the work of God. They must have the trust in their heart to correct all the sophistries and delusions of Satan that would throw them off the right track, so that they will not choose the way of the Lord, but follow the impulses of their own undisciplined characters. If the heart is sanctified and guided by the Holy Spirit, they will run no risks, but will be sure in all they undertake to do good work for Jesus; and in doing their work righteously they are standing securely in this life with a fast hold from above, and they will be guided into every good and holy way.

They will be constant to principle. They will do their work, not to secure a great name or great wages, not for the purpose of weaving self into all their works, and of appearing to be somebody in the world, but to be right in everything in the sight of God. They will not
be half as anxious to do a big work as to do whatever they have to do with fidelity and with an eye single to the glory of God. Such men are great in the sight of God. Such names are registered in the Lamb’s book of life as the faithful servants of the most high God. These are the men who are more precious in the sight of God than fine gold, even more precious than the golden wedge of Ophir.”
