New WHM Disaster Tracts On Fire / www.whydisasters.com

I mean this figuratively, you understand. Yesterday we received 100,000 of our new "Making Sense of Natural Disasters" tracts from the printer, and already we have lots of orders! "When might the tracts I ordered arrive," emailed Diane. "We started shipping today," was our response. We are thrilled that the Lord is moving so mightily to get these little bombshells to the public. We offered one to the truck driver who delivered our tracts. He took it. Honestly, opportunities are everywhere. What a witnessing tool!

Here's what people are saying:

These natural disaster tracts are among the most important GLOW has ever developed. With millions across the globe increasingly affected by nature's calamities, many are asking "why?" In these small pamphlets they will find God's urgent answer powerfully displayed. - Nelson Ernst, GLOW Director, Central California Conference

I'd like to invite people and ministries around the world to pray for this project: www.whydisasters.com. Our world is being 'hammered' with increasing natural disasters. I don't believe this is a coincidence. Perhaps the best way to capture the attention of the world right now is to draw their attention to this fact. These are signs of the soon coming of Jesus Christ. There may not be much time left for this world. I and my ministry want to help this project reach millions of people with the good news of a Savior who is coming to rescue us. Please support this project, while we still can. - Larren Cole, Desire Media! www.desiremedia.org
your White Horse Media News ... The idea of giving out the "Making Sense of Natural Disasters" tracts is excellent ... I will bring the idea to my church ... The tracts are so appropriate for the times we are living in and I am sure disasters are spoken of in every home. Thank you so much for your ministry. May God richly bless you. - Marian Holdman

Hello Steve, thank you for making these timely tracts! Praise God! I give out a lot of tracts, and these will be perfect. - Carla

STEVE! THERE ARE PROJECTED TO BE 19 HURRICANES THIS SEASON! You are touching the potential reader in plain, concise, and descriptive language, and yet reaching the heart. BLESSINGS! - Vickie Boling (Florida)

We hope everyone reading this will get involved. The tracts are cheap. Lots of people will eagerly read them. The Holy Spirit will use them. Many souls will be saved through them. Www.whydisasters.com explains everything. To order, call White Horse Media at 1-800-782-4253.

Pressing forward,
