Hello everyone,

First, I received many responses to my last “White Horse Media Shuts Down” email. Many said they almost had a heart attack! Again, it was only an attention grabber, and I’m sorry if I caused you any genuine grief, even if just for a moment. The weather has improved here in North Idaho, and I want to reassure you that yes, our ministry is fully alive, kicking, and moving forward by faith.

As many of you realize - especially if you have teenagers influenced by pop culture - the 4th Twilight movie, Breaking Dawn (Part 1), opened worldwide less than two weeks ago. Amazingly, it racked in a whopping 139.5 mil domestically in one weekend!

FYI, Fox News ran a story about some having seizures watching the film.

On November 21, I was interviewed by Jeff Drake, host of The Maverick Voice Radio Show, about the film and the incredible dangers hidden within all forms of occultism to today’s teens. We also discussed Revelation, current signs of an approaching end, and especially, the love of Jesus Christ.

The interview went fantastic.
Be warned: It was hard-hitting, yet informative.

It was also recorded.
Once again our book, *The Trouble with Twilight*, tackles the topic fully. 1-800-782-4253

Warm wishes to all. Keep praying for us.
