Hello everyone,

First, Gilbert and I just returned from the Michigan camp meeting where I spoke 8x (June 15-22) to an eager crowd. God really blessed! But by far the most thrilling part was to hear reports from SO MANY indicating that Jesus is truly using White Horse Media to reach literally thousands of people around the world. What a joy! Pray for us. We are on the front lines. Satan hates this work, but "God is our refuge and strength" (Psalm 46:1).

Next, I am also excited to report that our office is very busy with lots of orders for our newest books, Fabulous Health Made Simple, Juice Your Way to Fabulous Health, and God's Last Message: Christ our Righteousness, plus we are receiving many responses to our His Voice Today TV programs now airing on Better Life TV.

Now for my main subject: It's finally time to introduce you to our affiliate website, www.HighwayToHealth.us, run by Linda Clark and her dedicated staff. In Juice Your Way to Fabulous Health, I explained my story of battling high blood pressure about a year ago and explained how the Great Physician used
Linda to recommend a juice fast which helped me get off all medication and heal. As of yesterday (June 23), I have been medication-free for exactly 1 year.

Words can't express my gratitude!

*Highway to Health* is based in Missouri, and a doctor recently invited Linda to speak at the Iowa/Missouri camp meeting in early June. She accepted the invitation, but was nervous, for she is not used to public speaking. But, trusting Jesus to help her, she went forward by faith. Here is her exciting report to me:

Hi Steve!

I wanted to tell you also how it went at our camp meeting here in Missouri with Dr. Grivas and his group. I gave a presentation of herbs and salves and other natural remedies for an hour on Friday, and after I finished up, the people had so many questions that I couldn't leave. They asked if I would stay for an additional hour. About four different people asked if I could put that same demonstration on at their church. I was nervous, but I claimed God's promises as you suggested, and it really helped. I am so weak and faulty that without God's help, I can do nothing.

One of the things I realized after this presentation, is that I need to get out and meet the people ... The gifts I gave away and the demonstration of salves---wow! People were eating it up. Every morsel of hope I gave them they absorbed like babies.

At the end of my presentation I had about 20 people around me asking questions and then one lady said, "How did you get hooked up with White Horse Media?" I said that I had met you and that we had worked together with the help of the Great Physician to
rebuild your health. I told them to go to our website to see your testimonial. I told them that you were able to overcome high blood pressure through God's natural remedies. After I said that, one lady just burst out crying. She said that she was in the same situation and she had lost hope that she would be free of medication. I reassured her of God's love and that He is calling His people to get their bodies healthy so they can be free from disease. I felt so blessed to be able to give this message to these people. I told them that "Steve Wohlberg is a really big fan of juicing. He is, even as we speak, doing a juicing demonstration at one of the camp meetings he is at. He believes in God's natural remedies too." They were eating this up, as in the hope that we have from a God who loves us.

Anyway, I am very grateful to God and to Dr. Grivas for helping to move me out of my comfort zone to reach out in this way. I'll practice on the surrounding churches and then as I gain confidence, then I'll be able to reach a larger audience by God's grace, as He equips my inability with His "ability"... Things are going to open wide, and I hope and pray that God will make us ready and on our toes. I wanted to let you know what had happened. God bless you, Steve, in your ministry. Linda

www.HighwayToHealth.us contains many articles, video clips, natural remedies, books, DVDs (like the award-winning Fat, Sick & Nearly Dead), juicers like the Omega 8004 (which I have and love), a scientifically-proven Vitamin D lamp (for those who live in cold country, which I also have), plus much more. Her products are 100% organic, natural, and help the body heal itself.

Linda assures me that she is ready to help you too, if you wish.

God's promise to ancient Israel was that if she fully obey Him and followed His counsel, that "none of these diseases" that afflicted the Egyptians would devastate His people, "For I am the Lord that heals you" (Exodus 15:26). Many of us are coming to believe that this promise applies to us today.

Yours in the hope of health and happiness, even in this life, as we await our new bodies when Jesus Christ returns (see Philippians 3:20-21).
