War on Marriage. Watch Coming Out NOW. New Radio Interview (Listen Now)

Dear fellow soldier in the blessed cause of truth,

MARRIAGE CRISIS: Whether you realize it or not, there is a terrible crisis raging right now over the institution of marriage. A few years ago, hardly anyone knew that an apocalyptic, same-sex, gay rights controversy would burn like fire through political and ecclesiastical stubble and would become a major "sign" of the last days. Eighteen countries have now officially legalized same-sex marriage, and that number will only increase.

SATANIC ATTACK: Shockingly, key lesbian and gay leaders have publicly stated that their ultimate goal is the utter destruction of traditional marriage. Thus they are not content to simply pursue their own desires, but plan to annihilate marriage itself, which was created by God Himself. Who is behind such antics? Obviously, Satan himself, and as a result, the finger of scorn is now being pointed at anyone who upholds the biblical position on homosexuality. Those who will stand firm in these last days must have courage to make God's Word their final appeal. They must be among those who won't cower under abuse, or even persecution, either from society, or from within the...
SHOCKING COURT CASES: In recent court cases, gay rights have trumped religious rights. At the heart of this conflict is religious liberty--the right to hold personal religious convictions. One prime example is a case in Gresham, Oregon, where Christian owners of a bakery refused to bake a wedding cake for a lesbian couple. The lesbians took the owners to court, and won, because Oregon state ruled that businesses do not have the right to discriminate against a person's sexual orientation. The result? The bakery was shut down. Not only that, but during the trial period the bakery owner's family received all kinds of hate mail, threats and outright bullying because they dared to follow their religious convictions.

SCHOOL BATTLEFIELD: Today, in several states, parents are not allowed to opt-out their children from classroom curriculums that teach a homosexual agenda. It is likely that in the near future we also may be facing litigation in our own churches when openly gay and lesbian couples demand weddings or baptisms.

A BIBLICAL "SIGN" OF THE END: Truly, this is another sign that Jesus Christ is coming soon. Jesus said, "Likewise as it was also in the days of Lot ... even so will it be in the day when the Son of Man is revealed" (Luke 17:29,30). Thus wicked conditions in Noah's and Lot's day are predicted by Jesus to represent violence and sexual immorality worldwide right before He returns. Significant is the fact that any nation, where the core family unit has been undermined by society, has been destroyed from within. This is not based on speculation, but on historical facts.

J.D. Unwin did an exhaustive study of over 80 countries throughout history and found that nations eventually collapsed after the heterosexual marriage institution was marginalized by society and appropriate sexual activity was no longer limited to the confines of marriage. He summarized, "Any extension of sexual opportunity (outside a monogamous, heterosexual
cultural decline." Pitirim Sorokin, founder of sociology at Harvard University, also traced the rise and fall of civilizations and concluded that the weakening of marriage is a major sign of pending disaster.

**WHITE HORSE MEDIA TAKES A STAND:** To meet this dire emergency, White Horse Media recently successfully filmed a new 13-part TV series titled, "Coming Out," with three special guests who were openly gay but who have been transformed by the saving love of Jesus Christ. In each program, we hit issues head-on without compromise, yet each topic is also permeated with grace and compassion that seeks to save practicing homosexuals from sin so they can reach heaven (read 1 Cor. 6:9-11). The good news is that "Coming Out" is being edited quickly. Yet the next step is to make it available, not only for television broadcast, but as a DVD resource for Christians everywhere seeking to understand these critical issues from a biblical perspective.

*This is where White Horse Media needs your help!*  

*Those who donate now* will provide critical funds enabling us to defend God's institution of marriage, meet production costs, cover DVD replication expenses, and purchase airtime. Thus, your generous gift will help us make our timely "Coming Out" series available around the world. Programs 1-6 are fully edited. 7-13 will follow shortly. Also, last night (3-24-14), radio host Rob Pratte on CBS Pittsburgh KDKA interviewed me about the new ABC TV series, "Resurrection," and the deadly peril of spiritualism (LISTEN NOW). KDKA is one of the largest radio stations on the east coast. Praise God for the opportunity to once again share Bible truth with so many over the airwaves. That's what White Horse Media is all about.

On the battlefield,
