Dear friends,

SO MUCH is happening in our world it makes my head spin. Last night at 3:00 AM, I woke up, and couldn't go back to sleep. So I just prayed. Jesus is very earnest to prepare us for His soon return. "Behold, I come as a thief," He tells us, "Blessed is he that watches, and keeps his garments, lest he walk naked, and they see his shame" (Revelation 16:15).

White Horse Media is about to release a Newsletter called "There Shall be Signs," which outlines major signs taking place before our very eyes, plus it reports on the strange phenomenon of water turning red around the world. Consider this: Right before the ten plagues hit Egypt, God gave His chosen people a special sign as an indicator of what was about to occur. "The water which you take from the river," God told Moses, "will become blood on the dry land" (Exodus 4:9). Amazingly, waters are increasingly turning the color of blood in many countries today.
While we don't want to be dogmatic alarmists, and while we do accept valid scientific explanations, we also believe that God is talking to us through these mysterious events. God created nature, and He can surely use natural phenomenon as His witnesses. Here is the entire Newsletter, "There Shall be Signs," which includes more stirring details. When it is printed (shortly), quantities for sharing with your friends and neighbors will be available from White Horse Media.

Below is the first of our new 5-minute "World News and the Bible" programs filmed with our new Black Magic camera which our supporters helped us to purchase. Thank you! We praise God for this new camera. Program 1 is entitled, "The Shooting of Michael Brown," and deals with the Day of Judgment. I will send more programs to you soon. With funding from our supporters, our goal is to produce many more "World News and the Bible" programs to open the eyes of the blind that "The hour of His judgment is come" (Revelation 14:7). Oh, how we need Jesus! Click the picture below, and watch the program. It's only five minutes.
As most of you know, next Monday (February 23), we will begin filming our special 13-part TV series, *The Abortion Controversy*, with special guests Antionette Duck and Dianne Wagner of Mafgia ministry.

We wish to handle this topic carefully, sensibly, compassionately, and biblically. As we move forward with many plans to advance God's cause, believe me, our daily battle with the devil is intense. "We wrestle not against flesh and blood," wrote Paul in Ephesians 6:12. At White Horse Media, our goal is to connect closely with Jesus, to lift Him up higher and higher, to awaken others to the urgent need of preparation for His coming, to reveal Christ's tender love to those who don't know Him, and to glorify God.

As always I say: Pray for us, and support us if God impresses you to do so. 1-800-782-4253. [Donate Now.](#)

Yours in Him,
edness, and to trust His great love, which motivated Him to sacrifice His very life on a cruel cross for our sins (Romans 1:14). In this cosmic conflict against sin, He wants us to see this very moment to warn us of impending doom.

It’s the time of Noah all over again. These are the days of Lot and Sodom, Part 2. As in the time of Meneches before the ten plagues struck Egypt, earth’s waters are already turning red. Similar to the history of ancient Israel, “the birds of the air” and “the fish of the sea” are being “taken away” (Hosea 4:3).

Dear friend, it’s not an accident that you are reading this. Jesus Christ loves YOU. He is pleading with you to read His Book (the Bible), and to learn the truth.

With a loving heart, Jesus urges you to turn from all sin, to trust Him, and to invite Him into your heart as your personal Savior today.

Did you ever sit on a railroad track as a child, waiting for a train to come? Excitedly, you wait, and listen. Long before the train arrives, you place your ear on the smooth surface of the rail and wait to feel the faintest vibration. The first tremor is nearly indiscernible. Is it my imagination? you wonder. A few seconds later the vibration becomes more distinct, getting louder with each passing second.

It’s coming! You suddenly realize. You glance up, half-expecting the train to instantly mound the corner; but still no train. A bit later, the vibration on the track is joined with the definite sound of the approaching train. Finally the locomotive bursts into view. The noise quickly becomes a deafening roar as the train races past your face. Even as the train to instantly rounded the corner; but still no train. A bit later, the vibration on the track is joined with the definite sound of the approaching train. Finally the locomotive bursts into view. The noise quickly becomes a deafening roar as the train races past your face.

In the same way, the sobering evidence of ancient biblical prophecies predicting an approaching “End of Days” are steadily increasing. However, only those who are intently listening to catch the steady tread of events will “know that it is near—at the doors!” (Matthew 24:33, NKJV). Sadly, many people have actually died at railroad crossings because they weren’t paying attention, or had the music in their automobile cranked up so loud that they couldn’t hear the warning blasts from the train.

Take note of this. When Jesus Christ was on earth nearly two thousand years ago, He clearly identified certain “signs” of His return; but today, millions are ignoring His merciful warnings, or simply aren’t paying attention. They either are not interested, or are too busy being entertained.

Intense Violence

Jesus predicted, “As the days of Noah were, so also will the coming of the Son of Man be” (Matthew 24:37, NKJV).

What was it like in Noah’s days just before the flood? Here’s the answer: “The earth also was corrupt before God, and the earth was filled with violence.”

According to a resource article on the University of California’s website, by the time the average US child finishes high school, he or she will have witnessed 8,000 murders on television, and by age 18, over 20,000 acts of violence. A March 14, 2014 report by Fox News stated that in one study children who often played violent video games, “showed an increase in aggressive behavior such as shouting, hitting and pushing.”

Violent video games are extremely popular today, and are often linked with fatal school shootings. Consider also the unspoken brutality of groups like ISIS, and many others. In Noah’s day, when God saw such violence upon His earth, “He was grieved in His heart” (Genesis 6:6).

Surely our loving Creator grieves today.

Sexual Immorality

Jesus also warned, “As it was in the days of Lot … Even thus shall it be in the day when the Son of man is revealed” (Luke 17:28,30).

Lot was a man who lived in a city called Sodom. What was Sodom known for? Sexual perversity. The shocking, open, and aggressive nature of this evil behavior is recorded in Genesis 19 which describes how the homosexual men of Sodom tried to rape the visitors who entered the city. Genesis 19, God intervened. The very next day “the Lord rained brimstone and fire on Sodom” (verse 24). Archeologists have discovered that ancient city buried under layers of ash.

Sodom’s ruins exist today. Look around. The sacred nature of the marriage institution, established by God Himself in the Garden of Eden (see Genesis 2:24), is crumbling on all sides. On TV and the Internet, sexual perversion is shocking. Even children are targets.

Sodom is rising again.

Just three years ago (January 2012), there were only six US states that recognized same-sex marriage. Today, that number has jumped to 35. The Supreme Court recently struck down the Defense of Marriage Act (DOMA) and sounded a warning to any individual state attempting to pass laws incriminating against a homosexual lifestyle. The result? Gay rights have trumped religious rights in America.

Before 2010, there were only six countries that had fully legalized same-sex marriage. Today there are 18. Same-sex marriage is not only being legalized worldwide, but homosexuality is being pushed, even in elementary schools. Yet, those who struggle with same-sex attractions are people too who need love, and prayer. But the fact is, many are militant, and dangerous.

Sodom has returned.
Jesus Christ warned us about this “sign” too.

Religious Extremism, Killing in the Name of God

“The nations were angry ...” (Revelation 11:18) “... the time is coming when whoever kills you will think that he offers God service” (John 16:2). Once again, consider ISIS, Al-Qaeda, Boko Haram in Africa, and other militant Islamic radicals now viciously attacking numberless people throughout the Middle East, Europe, England, and even in America. Yet the Bible counters with this enlightened truth, “whatever you want men to do to you, do also to them” (Matthew 7:12). “God is love” (1 John 4:8), says the world’s bestseller. God never forces anyone to believe in Him, but gives everyone free choice (read Revelation 22:17).

The radicals are angry. They kill in the Name of God. Once again, such “signs” were predicted by Jesus Christ, who never lies.

Mass Animal Die-Offs

Right before God destroyed the ancient world in the days of Noah, He gave its doomed inhabitants one final sign of pending judgment. Do you remember what it was? It was a sign of animals and birds entering the ark unaided by human hands (see Genesis 7:13-16). This odd and unnerving event caused those who remained outside the ark to look everywhere for a sign to forewarn His people of what is soon to come. Is God using natural phenomena to unaided by human hands (see Genesis 7:13-16). This odd and unnerving event caused those who remained outside the ark to look everywhere for a sign to forewarn His people of what is soon to come. Is God using natural phenomena to
