Dear friend of White Horse Media,

Just a quick update. For the last three weeks, since our May 7, 2-hour LIVE television interview on 3ABN entitled, "The Time is at Hand" (now available from White Horse Media on DVD. 1-800-782-4253) our office has been swamped with phone calls and requests for our end-time Bible resources. Below is a picture of one of our staff, Tricia Hendrickson, with a stack of orders. So, if you have recently placed an order, and it doesn't arrive right away, please be patient. We'll send it as fast as we can.

White Horse News

- Next Wohlbeg Seminar, May 16, Wichita, KS
- May 7 LIVE on 3ABN. "End Time Information Packet."
- Dr. Ben Carson, Adventists, Sunday Laws
As we look to the future, White Horse Media is developing plans to offer a unique webinar (a seminar on the Internet) tentatively entitled, "The Third Angel's Message Advanced Leadership Training Course," that will train pastors and lay leaders how to clearly teach the end-time message of Revelation 14:9-12 to the world, to answer objections, and that will provide key resources to help accomplish this. We are well aware that nothing can be accomplished without earnest prayer and trust in God. "Without Me, you can do nothing" (John 15:5), said our Savior. As to some of the details of the third angel's message as revealed in the Bible, if you have never seen our controversial 3-part seminar, "America, the Beast, and the Devil's Deadly Mark," you can watch it below and learn the basic facts.
(Part 1) **The Beast on the Move**  
(Six minutes of preliminaries)  
(Part 2) **America in Bible Prophecy**  
(Part 3) **The Devil's Deadly Mark**

These programs were recorded by a church in Albany, OR, not by White Horse Media. So, while they may not be broadcast quality, they are good enough to post. So, if you want to watch simple presentations on these life-and-death "present truth" topics, these messages are for you.

As our ministry moves forward by faith, we appreciate so much your prayers.

May we all draw closer to Jesus every day,

Steve Wohlberg  
Speaker/Director, White Horse Media
