Dear friend of White Horse Media,

As reported previously, Pope Francis (the most popular person on earth) is now recommending SUNDAY OBSERVANCE as part of his solution to "climate change," "global warming," increasing calamities, family fragmentation, and spiritual declension.

Based on our careful study of Revelation 13, we at White Horse Media are convinced that in the near future, in response to increasing deadly calamities (especially falling upon large, wicked
cities), that the peoples of the world will follow the Pope's lead and influence legislators and governments to pass "Sunday laws" as part of a desperate, misguided effort to please God and help solve the crisis. In reality, such laws will be the enforcement of "the mark of the beast" (see Revelation 13:16,17) because "Sunday" is a "mark" of Roman Catholic authority. The seventh-day (Saturday) is Jesus Christ's true Sabbath (read Exodus 20:8-11; Matthew 12:8) revealing that He is God.

We don't want to wait until Sunday laws are passed to warn the world. So, this Monday and Tuesday (August 3,4) White Horse Media will film a special 5-part television series entitled, "The Sunday Law Crisis: What You Need to Know." Four special guests will join me. Topics will include: 1) Overview of Revelation 13, the basic issues, judgments pending on cities, the close of probation, the seven last plagues, 2) How to prepare spiritually, 3) How to prepare practically, 4) Preparing for persecution, 5) When to head for the hills, trusting alone in God's care and protection.
Our budget is $30,000, which includes production, editing, and the creation of DVDs for sharing with loved ones, friends, and neighbors. $5,500 has already been given, leaving $24,500 left. Look at this: "Our money is a treasure lent to us by the Lord, and it is to be invested in the work of giving to the world the last message of mercy ..." (Letter 90, May 23, 1902). Dear friend, White Horse Media is "giving to the world the last message of mercy." We trust God to meet this budget through our supporters.

To contribute, call 1-800-782-4253, or donate online. Please specify "The Sunday Law Crisis Project" so that your gift will be used for this project alone.

Seeking to warn the world,

Steve Wohlberg
