The 38th Annual Medical Seminar:
Immune Enhancement Therapy

This Medical Seminar is designed for health professionals, as well as health enthusiasts with a keen interest in evidence-based, current scientific findings. Various international speakers, including Dr. Thomas Levy, will present on topics including vitamin C therapy, nutrition, infectious diseases, metabolic syndrome, mental health, diabetes and more. This seminar will deliver immense depth of knowledge over the course of 4 days and will also involve practical training in the topics highlighted below.

Register today and become a vessel for the healing of this nation.

Presenter Highlight

Much Faith, Much Peace

The more our faith fastens to Christ in perfect trust, the more peace we shall have. Faith will grow by exercise. God's rule is, One day at a time. Day by day do the work for each day as if you are conscious that you are working in the sight of the angels, cherubim and seraphim, and God and Christ. You are “a spectacle unto the world, and to angels, and to men” (1 Corinthians 4:9). “Give us this day our daily bread” (Matthew 6:11). “As thy days, so shall thy strength be” (Deuteronomy 33:25). “Looking unto Jesus the author and finisher of our faith” (Hebrews 12:2). Living thus, the Holy
Spirit helps our memory, sanctifies every faculty, and keeps us reminded of our daily and hourly dependence upon our heavenly Father's care, ... and unceasing love.
