29	Thanksgiving shuttle to Andrews (from ORD)
30	All Campus Schools: Classes resume

November Blessings By Catherine Pulsifer

November, sweet and bold,
A feast for all senses to behold.
Frosty breeze, warm cocoa's call,
Crimson leaves painting every wall.

Thanksgiving, friends and family near,
Precious moments that we hold dear.
Autumn's charm at its very best,
November, you make me feel blessed.

Andrews University
Office of University Apartments

Thank you for your cooperation in the following matters:

Congratulations, Graduates!

You are almost there! Remember, per your Lease Agreement:

1. You will have 7 days to move out after the Fall Semester classes end.
2. If you stay longer than 7 days, $10/day will be charged in addition to your rent.
3. You must pay rent for every day you are here, including graduation and all others.

Are you moving?

Have you turned in a 30-day notice?

Rent will be charged for a minimum of 30 days after we are informed that you are moving.

If your lease has not expired, you will have to find someone to take over your lease or pay rent through the expiration of your lease.

Please Note: If you have a balance of $50 or more after the 10th of the month, you will receive a late fee and a hold will be placed on your account.

Please Be Quiet

Please remember that most of our residents are students. They may be either trying to study or trying to sleep. Thank you for thinking of others and keeping your conversations and other activities quiet in and around our buildings.

Please do not put wipes of any kind (even "flushables") down the toilet. Our plumbing will not handle it and you will end up with a clogged toilet. Thank you.

The garbage disposals were only made to take care of your table scraps. Please DO NOT place anything else down them or they will break.

If you have mail that is not addressed to you and/or members of your household, please bring that to the office regularly. We will take care of it. It is a Federal offense to hold onto the mail of someone else.

Please note: If it is addressed to "Resident" or "Occupant," that means you. If you do not want it, please throw it out.

Driving safely on snow and ice can be a tricky matter. Here are some tips that may help you when navigating dangerous roads in the winter:

1. **Get a grip.** To have adequate snow traction, a tire requires at least 6/32-inch deep tread, according to The Tire Rack. (New passenger-car tires usually have 10/32-inch of tread.)
2. **Turn on your lights to increase your visibility to other motorists.**
3. **Decrease your speed and leave yourself plenty of room.**
4. **Brake gently to avoid skidding.** If your wheels start to lock up, ease off the brake.
5. **Watch carefully for "black ice."** If a road looks slick, it probably is.
6. **If your front wheels skid...** take your foot off the gas and shift to neutral, but don't try to steer immediately. As the wheels skid sideways, they will slow the vehicle and traction will return. As it does, steer in the direction you want to go. If your rear wheels are sliding left, steer left (or right, steer right).
7. **If you get stuck...** do not spin your wheels. This will only dig you in deeper. Turn your wheels from side to side a few times to push snow out of the way. Use a light touch on the gas to ease your car out.
