BULLETIN DESCRIPTION OF COURSE

This course is designed to acquaint students with the opportunities for ministry to and with young people in the church, school and home. The biblical principles of youth and young adult ministry, within the context of the church community, are given primary emphasis.

Students will have an in-depth study from a pastoral perspective of selected issues having to do with the spiritual development of youth and young adults from fourteen to twenty five years of age. In particular, the reciprocal effects produced by the interaction of youth with such elements of their environment as home, church and society, will be examined for their potential impact on the fostering of that spiritual development.

The calculation of hours is based on the study skills of the average well-prepared graduate student. APPENDIX 1: INTERPRETING LETTER GRADES

Letter Grades and Percentages

A	=94-100%	B	=83-86%	C	=73-76%
A-	=91-93%	B-	=81-82%	C-	=70-72%
B+	=87-90%	C+	=77-80%	D	=61-69%
				F	= 0-60

THE B GRADE

The B grade is a sign that you have competently fulfilled all of the requirements stipulated for an assessment or competency evaluation. It is a very good grade and demonstrates a high level of the knowledge, insight, critical competence and professional presentation standards essential for an individual wishing to pursue a career as a professional leader in ministry.

THE A GRADE

An A grade is given only when a student not only fulfills the criteria for a B grade, but in doing so demonstrates an advanced academic aptitude for content knowledge, critique, synthesis and independent insight, while exhibiting highly developed communication skills and professional publication standards that would allow them to pursue a highly competitive academic career.

THE C GRADE

The C grade differs only from a B grade in that the traits outlined in the B grade above are not consistently applied. However, with diligence and by applying feedback from your lecturer, the academic process can provide opportunity for a student to improve their consistency, and hence, their grade.

THE D GRADE

The D grade points to a limited level of knowledge, insight, and critique, as well as to inadequate quality of written work. This may be because of a lack of time management on the part of the student, difficulty grasping the concepts being taught, use of English as a second language, or a personal issue that is affecting one's concentration and motivation levels. Again, with diligence, applying feedback from your lecturer, and seeking services offered by the University like the writing lab or the counseling center, the academic process can provide an opportunity for a student to significantly improve their performance.

THE F GRADE

A failing grade is given when very limited or no demonstrable competency has been observed.
