What Makes Us Different?

AFFORDABLE

The Master of Divinity is the only Divinity program that is subsidized by the North American Division and the General Conference. Our church believes in the power of equipping its leaders/pastors for service to God. Because of this subsidy, the cost paid by students is only about 25 percent of the actual cost of the program.

SPIRITUALITY

Attend weekly chapels to refresh your spiritual life, spend some time in the Seminary prayer room, have Friday night fellowship with friends and colleagues, and find spiritual mentors that will help you expand your vision and ministry.

INTEGRATED LEARNING

We believe that the foundation of an impactful ministry starts in the classroom and in personal study, but that knowledge is nothing without practical experience. That's why we have an integrated learning approach to the MDiv program that combines knowledge gained in class with practical application in the real world.

CONNECTIONS

The people you meet here will become friends for life. You and your colleagues will become missionaries, conference presidents, pastors, speakers, authors, professors, or chaplains. This is the prime place where you will make meaningful connections with the future global leaders of the Seventh-day Adventist Church.

DIVERSITY

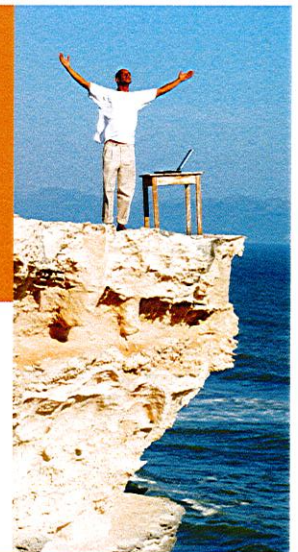

Andrews University has the second most diverse campus for a national university in North America. Students come from all over the world to study in the MDiv program. Experience new cultures and find a home away from home.
