Admission Requirements:
All MDiv applicants must meet the Graduate Programs Admission Requirements applicable to all graduate students and the general seminary requirements. Applicants must hold a baccalaureate degree or its equivalent, often with a major in religion or theology with a minimum undergraduate GPA of 2.75 or above. Second career students will complete the prerequisites as necessary.

Application Deadlines:
Fall (August – December): July 15
Spring (January – May): November 15
Summer (May – July): March 15

Transcripts: Your application will be processed based on unofficial transcripts and you will be able to upload a copy of your unofficial transcripts directly in your graduate application. If the admission decision is to accept you into the program, official final transcripts will be required. Domestic and international prospective students who graduated from an educational institution outside the U.S. are recommended to have transcript evaluations done through one of our approved credential evaluation agencies: WES or ECE.

Recommendations: Three recommendations are required from you: If you were a theology or religion student, one should be from the undergraduate Religion department where you studied, one should be from the church board where your membership is held, and one can be a general recommendation from someone who knows you well, and knows of your calling into the ministry — pastors, elders, colleagues, or employers—excluding relatives. You are asked to provide names and email addresses on the online application, and then recommenders will receive an email with a direct link to the form.

Resume or professional history: Information about your employment, research, or special projects.

Statement of Purpose: A 500-word essay explaining your objectives in seeking a graduate degree at Andrews University. Include a description of your personal, professional, and academic goals; your philosophical perspective; and what you hope to accomplish professionally in ten years following the completion of your degree.

Normally hold membership in the Seventh-day Adventist Church given that the MDiv program is specifically designed for Adventist ministers and is sponsored and financed by the Adventist church.

Represent high moral integrity with a character, lifestyle, and spiritual commitment reflective of the beliefs and practices of the Seventh-day Adventist Church and show promise of usefulness for Adventist ministry through personal maturity and adequate experience in the Church. (Persons of other faiths who are willing to live in harmony with these standards are welcome to apply.)

Submit an autobiographical history and a 350+ word statement of purpose reflecting your family and spiritual development, sense of calling to ministry, experience in church work, and future goals in relationship to the MDiv program. A guideline is provided in the admissions package.

Spousal Statement. If married, your spouse is also asked to complete a statement in regard to his or her feelings and relationship to your aspirations for future ministry.
Background Check. Applicants to all Seminary programs are required to undergo a criminal background check as specified in the online application process. The criminal background check must be completed within six months of beginning coursework and be redone every three years while in attendance at the seminary. The basic cost of the background check is paid as part of the application process. You are responsible for any additional fees charged by municipalities in which they have resided, and for the costs of subsequent background checks.

Personal Interview. An interview with a representative of the MDiv program may be required, either by personal contact, telephone, or video.

English proficiency: English is the language of instruction at Andrews University. Students whose original language is not English must demonstrate English proficiency by meeting the language exam minimum scores. To learn more please visit our entrance exams page (scroll to the bottom half) at: https://www.andrews.edu/grad/admissions/

International and Domestic prospective students who graduated from an educational institution where English was not the language of instruction will be required to submit English proficiency test scores.

The table below provides a breakdown of the University’s minimum English proficiency acceptable tests and scores required for regular admission consideration.

Our campus also offers the services of ESL classes, however, please remember that an academic acceptance for our ESL program does not guarantee future admission into Graduate level degrees. To learn more about the Center for Intensive English program please visit the CIEP webpage.

Additional requirements for international students
In addition to fulfilling the regular admission requirements, International students with academic acceptance who are coming to Andrews University need to submit additional documents in order to process a student visa. For more information please visit the International Students page at https://www.andrews.edu/grad/international/ or contact the International Student Services office at iss@andrews.edu, telephone – 269-471-3695

Prerequisites do not count as part of the 78 credits required for the MDiv degree. Prerequisites may be taken at any accredited educational institution. Students needing to take prerequisite courses, after applying to the MDiv program, may submit courses by providing an official transcript showing that the course(s) taken meet the Transfer Credit Policy (see below) and the MDiv prerequisite requirements to fulfill the course or language prerequisites.

If the appropriate score(s) are not earned, the student will have to retake the language courses at Andrews. Biblical language proficiency must be demonstrated before registration for exegesis or theology courses will be allowed.

**Registering the Greek/Hebrew Placement Exams:**
A student who passes the Hebrew or Greek placement exam must register for the zero credit section of the course in order for their academic transcript to show a grade of “P” for passing, which is the designation for Challenge by Examination. No entry shall be made on the transcript if the student fails the examination. However, a student who fails the examination will be required to take the prerequisite course for credit. Placement exams must be taken the first year of starting the program and can only be taken once. Students will register for placement exam(s) as follows:

**Hebrew Placement Exams**
Study Guide can be found online at [https://www.andrews.edu/sem/mdiv/resources/study-helps.html](https://www.andrews.edu/sem/mdiv/resources/study-helps.html)

**Area of Concentration**
Students may choose an area of concentration from those listed below:

- Chaplaincy
- Youth and Young Adult Ministry
- Marriage and Family Life
**Academic Advisement.** The Administrative assistants, together with the MDiv Director are the primary academic advisors for the MDiv program. Generally there are scheduled times and dates for advising that will be emailed to you in time to make an appointment. Outside of the scheduled advising, students may request advising pending the Admin’s availability to do so. There are times when the Admin will decline to advise in order to complete other projects and responsibilities.

**General Academic Information**
Students are expected to know the rules that govern academic matters. This bulletin presents answers to general questions regarding academic policies. Students with special problems and circumstances should consult the dean or program coordinator of the school that interests them. Responsibility for meeting degree requirements rests upon the student. Each student is expected to be aware of all relevant requirements published in the bulletin under which he/she plans to graduate. The bulletin in force when one first registers is the binding document between the student and the university. However, a student may request permission to meet the requirements of another bulletin in force during his/her years at the university. The student’s freedom to choose the bulletin under which he/she will graduate is limited. Graduate students should see “Residency Requirements and Time Limits”.

**Attendance at the University**
The admission of candidates, their remaining as students, their status, the awarding of academic credits, and the granting of degrees are all subject to the ordinary regulatory powers of the university. It reserves the right to cancel, at its discretion, any of these privileges for reasons considered sufficient by the administration.

School deans reserve the right to review their students’ grades periodically. Together with the faculty, they may also recommend that students performing unsatisfactorily should discontinue their degree programs.

The disciplinary authority of the university president is absolute. The vice presidents, deans, and other officers are responsible for specific cases and in restricted areas.

**Changes in Bulletin Requirements**
The provisions of this handbook are not to be regarded as an irrevocable contract between the student and the university. The university reserves the right to change any provision or requirement at any time within the student’s term of residence. All regulations adopted and published by the Board of Trustees or the faculty after publication of the bulletin have the same force as those published here.

**Academic Policies**
Acceptance into the MDiv program is confirmed by the receipt of an Acceptance Letter. Your acceptance letter will include:
- The status of your application
- Provisions, if they apply and the deadline for clearing the provision
- Semester for starting your program
- List the name of your advisor

Your acceptance status determines whether you can register for classes or need to provide an additional item before being cleared to register.

**Admission Enrollment Categories**
Students are admitted and enrolled under one of the following categories:
Regular Status: Students are admitted on a regular basis when they meet the:
- General admission requirements
- Minimum academic standards for graduate programs at Andrews University
- Specific admission requirements of the departments/programs in which they plan to enroll.

Provisional Status: Students who fail to meet one or more of the requirements for regular admission may be admitted on provisional status. This can be done if the appropriate dean, department chair, or graduate program coordinator believes the student has the ability to be successful in the desired program.

At the time the provisional admission is granted, the student’s deficiency is noted. A plan and a deadline to remove the deficiency is made clear. Deficiencies must be met and the regular status must be granted by the time the student completes 50% of the total requirements for master’s programs. Students who fail to meet these requirements are dropped from the program in which they had provisional admission.

Students enrolled on provisional status may not:
- register for thesis or independent study
- request advancement to degree candidacy
- take comprehensive examinations.

Guest Student: Is for students holding a U.S. bachelor’s degree from an institution accredited by a validated accreditation body or its equivalent outside the U.S. The Guest Student status is especially designed to allow the enrollment of qualified students in special classes including workshops and guest students from other universities. Guest Student is a temporary enrollment designation, not an admission category.

Guest Student Status is for:
- Applicants who have no intention of earning a graduate degree from Andrews University.
- Graduate students who are not enrolled at Andrews University and who wish to take classes as guest students.
- Students who have applied for admission to a graduate program but, for some reason, the application has not yet been completely processed. In such cases, Guest Student status is available for one semester only.

Guest Students
- Enrollment on Guest Student status does not guarantee or imply future admission to a degree program.
- Normally, transcripts are not required for Guest Student enrollment.
- Guest Student enrollment must be requested each semester that the student wishes to enroll in a course.
- Courses taken on Guest Student status generally do not count toward a graduate degree. However, after the student has been accepted into a graduate program: up to 8 credits, 15 credits in some Theological Seminary programs, and up to 50% of the graduate certificate programs may be applied by petition.
- Petition requests should be filed during the first semester the student is enrolled in the graduate program. Petitions are evaluated on an individual basis and they are not automatically approved.
- Students registered on Guest Student status cannot have dual enrollment. If the student applies simultaneously for a graduate program, the department and school will notify the student in writing of their admission decision.
**Time Limits on the Master’s Degree.** Normally, a student must complete the requirements for a master’s degree within six calendar years from the beginning of the first semester of class work regardless of admission classification. Transfer courses and courses taken at Andrews University must also be taken within these time limits. The MDiv program has extended the normal deadline for completion and transfer credits to 10 years.

- No course taken earlier than ten calendar years before a student’s graduation year may normally be applied to the degree without appropriate updating.
- If the semester in which the student originally expects to graduate is delayed past the time limit and no extension is granted, the courses taken prior to the ten year limit no longer apply to the degree or qualify to be updated. The student may be required to take additional courses.
- Grades from all graduate courses taken at Andrews University, including those more than ten years old, and those taken on a PTC basis, are used in computing the final GPA.

**Updating Master's Degree Courses.**

Students working towards a master’s degree may update some outdated course work and are subject to the following policies:

- No more than 25% of the total program credits from courses 6–10 years old may be updated. No work over 10 calendar years old, calculated from the graduation year, may be updated.
- Not all courses between 6 and 10 years old may be updated. Each course must be approved by the department.
- No course work with a grade below a B (3.00) may be updated.
- Outdated work done elsewhere cannot be updated at Andrews University.
- Independent study, workshops, and directed readings cannot be updated.
- The requirements for updating are specified by the department on a course-by-course basis.
- Written evidence of the updating must be approved by the department chair and the appropriate dean or graduate program coordinator.
- Updating a course does not change the grade in the course used in computing the GPA.
- The updating fee is 20% of regular graduate tuition.

**Academic Standards:**

Students enrolled in graduate programs governed by the School of Graduate Studies & Research should note the following standards of scholarship

**Minimum Standards of Scholarship.** Candidates for graduate degrees must satisfactorily fulfill the course of study for the degree program they select subject to these standards:

- A minimum GPA of 2.75.00 (4.00 system) is required in those courses that apply to the degree.
- No course with a grade of D or F (or U) may count toward a graduate degree. Some departments may require a higher satisfactory grade in certain courses.
- If a student receives an unsatisfactory grade as defined above, the course may be repeated once. The credits and quality points earned in the most recent course will be used to calculate the GPA.

**Standards for Progression.** In addition to the following standards, masters students should consult the appropriate section of their bulletin and their respective handbook.

- The cumulative GPA must be at least 2.75 calculated using all graduate work taken at Andrews, courses taken prior to the time limits for degrees, and courses taken as guest students. Exceptions to this standard must be recommended by the dean/graduate program director.
A student whose cumulative GPA drops below 2.75 in any given semester is placed on academic probation. Such a student must work with their advisor to develop a schedule of courses that ensures the student will raise his/her cumulative GPA above the required 2.75 in a timely manner—normally, the following semester. A student who does not meet such a plan may not continue except by the recommendation of the Program Director.

Normally, students who accumulate more than 12 semester credits below B- (including U) are not allowed to continue. Petitions for exceptions must include a plan to maintain the required GPA for the degree and be approved by the Program Director.

Students who have been accepted provisionally to a degree program must meet the planned schedule for removing any deficiencies or earning a minimum GPA.

- English-language deficiencies must be met and the provision lifted to do more than participate in the bridge program.
- A minimum GPA equal to the GPA requirements for graduation from the program must be met by the time the student has completed 12 graduate credits. Must be 2.75 for the MDiv.
- A student who does not meet this schedule is not allowed to continue except by the recommendation of the Program Director.

Students on academic probation or provisional status may not:

- Exceed 10 credits in any semester
- Advance to degree candidacy or take comprehensive examinations.

**Transferring Master's Degree Credits from Another Graduate School.** Graduate credits taken at another accredited/recognized institution less than ten calendar years before the expected graduation year may be transferred and applied toward a master’s degree at Andrews University subject to the following conditions:

- The grade earned in each course accepted for transfer is at least a B (3.00).
- The courses can be applied toward a comparable degree at the institution where the credit was earned.
- The courses meet similar requirements or electives within the master’s program at Andrews University.
- The Andrews University credits taken toward the master’s degree constitute at least 50% of the requirements for the degree.
- Grades earned in transfer courses are not included in the computation of the GPA. Courses to be taken at another university and transferred to Andrews after a student is enrolled in an Andrews’ graduate program must be approved by petition before being taken.
- Such transfer courses are identified and approved by the dean/graduate program coordinator within the first semester of the student’s residence.
- An official transcript listing transfer credits is on file in the Office of Academic Records. Credits received from institutions generally considered to be diploma/degree mills are not eligible to be transferred into a degree program.

**Transferring Credit from an Andrews Graduate Certificate Program to Another Program.** All credits in an Andrews University graduate certificate program are eligible for transfer into a graduate degree program subject to approval by the program faculty and the school dean if taken within the established time limits for the degree.

**Transferring Master’s Degree Credits from Another Andrews Program.** Graduate courses taken at Andrews University as part of another graduate degree may be transferred subject to the following conditions:
• The grade earned in each course is at least a B (3.00) and the overall GPA at Andrews University is at least 3.00.
• The courses meet similar requirements or electives within the new master’s program.
• A minimum of 80% of the requirements for the master’s degree must be taken as Andrews University credits that are not applied towards any other Andrews University master’s degree.
• The grades earned in courses transferred from another master’s program at Andrews University are not included in the computation of the GPA. Both the overall GPA and the GPA of the remaining courses taken for the master’s degree must meet the minimum required (2.75) for graduation.
• The credits to be transferred were taken fewer than ten calendar years before the expected graduation year of the master’s program.

Residency Requirements

Residency Requirements: Students must maintain active status by enrolling for at least two semesters within one academic year. When this fails to happen, the student must follow the bulletin in force at the time active status is reestablished.

Following an absence of two years or more, a student's previous admission status will have lapsed and the student will need to reapply to the program.

Active Status. Students are considered to be on active status in a program if they enroll, for credit, for at least one semester during each academic year (summer-spring terms).

Academic Credit and Course Loads

The course load is expressed in semester credits. A semester credit represents a class with one 50-minute class period or equivalent each week for one semester. Thus, a 3-credit class ordinarily meets three periods (150 minutes) each week and requires additional appropriate time for class preparation.

Course Loads. The normal full-time graduate course load is 9–14 credits for MDiv students. Loads in excess of a full load must be approved by the program director and the Academic dean before completing registration. Students may not take more than 14 credits during a regular semester or 12 credits during the summer. Students engaged in part-time employment must talk with their advisors and adjust their course loads accordingly.

Credits for Workshops and Independent Study. Normally, master’s-degree students may accumulate up to 6 appropriate workshop/tour credits and up to 6 independent study credits toward a degree with a maximum of 9 credits combined.

Governing Bulletin

Normally, students meet the requirements of the bulletin in force when they begin their graduate program. As long as they remain on active status, students may elect to meet the requirements of any bulletin in force during their graduate program. The graduate program begins at the beginning of the term in which the student first registers for classes after he/she has been admitted.
When active status is broken, the student must follow the bulletin in force when active status is reestablished.

Registration

Students should plan to register during the days assigned to registration on the official academic calendar. Registration is not official until all parts of the registration process have been completed, including financial arrangements.
The MDiv Advisor assigned to you will notify you of the dates you will be allowed to begin registration. Advising with the Advisor before registration is suggested for students in their first year, or those who are approaching graduation.

Course Schedules can be found online at https://vault.andrews.edu/schedule/ Copies of the schedule will also be posted on the MDiv bulletin board.

**Late Registration.** Students who fail to register during the regular registration period must pay a late-registration fee. Students may not register after the last official day to enter classes.

**Changes in Registration.** A course may be dropped or added by means of a Change of Registration form or via the web during the drop/add period. This Drop/Add form is obtained from the MDiv program office. After completing the form, the student must get all needed signatures and return the form to the Office of Academic Records. The official academic calendar lists the deadline each semester for dropping or adding classes without an entry on the permanent academic record. It also notes the deadline to withdraw from a class with a “W” (Withdrawal) on the permanent record.

Online registration is found on the main Andrews page at https://www.andrews.edu, then clicking on “Current Student”, then “Registration Central”. You will be prompted through a number of pages that may require you to provide additional information to various departments on campus, such as: medical records, government documentation, housing recommendations, etc.

**Credit Hour Definition**
One semester credit hour at Andrews University is earned through academic work during a period of fifteen weeks; averaging three hours per week in undergraduate courses and four hours per week in graduate courses. Academic work contributes to established intentional learning outcomes and is verified by evidence of student achievement. Academic work includes:
1. A minimum of 50 minutes per class of direct faculty-student contact; and
2. Out-of-class student work during the remaining time.
For intensives or other classes that do not meet for fifteen weeks, an equivalent amount of direct faculty-student contact and out-of-class student work is required.
An equivalent total amount of academic work is also required in activities such as laboratory, independent study, practicum, studio, distance, distributed, tours and other learning modalities.

**Grading System and Grade-point Averages**
Grades and Quality Points. The right to assign grades rests with the teacher of the course. Quality points (on a 4.00 scale) are given to each letter grade (A–F) for use in figuring a student’s grade-point average (GPA). The GPA is the average number of quality points earned per credit hour in all courses which are assigned grades A–F.

**How to Compute Your GPA.** You may calculate your semester GPA by following these steps:
- Multiply the number of credit hours by the number of quality points given to the letter grade earned in each class. (Do the same for each class graded A–F.)
• Add the number of quality points earned in all classes for the semester.
• Divide the total number of quality points by the total number of credit hours attempted.

Other Grade Report Entries
Additional grades that may appear on a student’s academic record are defined below.

AU—Audited Classes (including HN, UA and UH). A grade of AU is given for an audited course if the student has met the obligations of the audit agreement. It is possible to audit any class except independent study courses provided (1) there is room in the class, (2) the student has an appropriate background, and (3) the instructor gives permission to attend. The term audit refers to registration for attendance only. All auditors are expected to attend all class appointments as agreed upon when the instructor granted auditing privileges.
Auditors must attend at least 80% of the class periods. Those who fail to do so are given a grade of UA (Unsatisfactory Audit).
A student may change from “credit” to “audit” registration and vice versa within the published time limits. To make this change the student must present the Office of Academic Records with a Change of Registration form with the required signatures.
The tuition charge for an audited course is the same as a course taken for credit.

DG—Deferred Grade. A DG may be given in certain courses recognized to be of such a nature that all the requirements are not likely to be completed within one semester. It may be given for tours, field/clinical experiences, internships, projects, intensives, independent study courses, courses requiring research such as theses and dissertations. The Office of Academic Records records a DG for the above listed courses previously recommended by a department and approved by the dean of the appropriate school and/or graduate program committee.
An instructor may designate a time limit for a given course or a specific situation for the DG to be changed to a letter grade. All DGs are required to be cleared before a student can graduate, unless they are DGs earned in another currently enrolled degree. An instructor may change the DG to a letter grade (A-F), S/U or DN (Deferred and Not Completetable) as appropriate.

DN—Deferred and Not completetable. A DN indicates the course has not been completed and no longer can be completed because time has run out.

I—Incomplete. An Incomplete (I) indicates that the student’s work is incomplete because of illness or unavoidable circumstances and not because of negligence or inferior performance. Students will be charged an incomplete fee for each incomplete grade issued. An I may be given when the instructor and the student agree to terms stated in an Incomplete Contract. The I is given to a student when the major portion of the work for the course has been completed. The contract states (1) the remaining work to be completed, (2) a plan with timelines for completion of the work, (3) the time limit, and (4) the grade the student will receive if the work is not completed by the agreed-upon time.
Ordinarily, an I shall be removed during the following semester. However, an I contracted in the spring semester may be extended to the autumn semester. Any request for an extension of time beyond the contracted time shall be made in writing before the end of the contracted date and approved by the dean of the college/school in which the course is offered. The number of I’s on a student’s record affects the student’s class and workload.

The MDiv policy states:

When an incomplete or Deferred Grade has not been cleared by the end of the following semester, the student’s course load must be reduced as follows:
- One Incomplete/DGs—no reduction
- Two Incompletes/DGs—may register for no more than 10 credits
- Three Incompletes/DGs—may register for no more than 9 credits
- With more than three I/DGs, the student must cease taking classes until the Incompletes/DGs are cleared.

**W—Withdrawal.** Withdrawal is recorded when a student withdraws within the date limitations indicated by the academic calendar. Under certain circumstances the institution may initiate the withdrawal.

**Repeating Classes.** Students may repeat a course in which they receive an unsatisfactory grade. In such a case, the record of the first attempt is not erased. For graduate students the course may be repeated once. The credits and quality points earned in the most recent course will be used to calculate the GPA. Course grades may be replaced only by grades for course work repeated on campus. In sequence-type courses (course numbers ending in 1, 2, or 3) a student who earns an F for one semester automatically must repeat that course before being permitted to enroll or remain enrolled in courses that follow in that sequence.

**Factors Influencing Grades**
Several factors are used to compute the final grade in a particular course. These include such items as scores in oral or written examinations, quizzes, practical and written projects, papers, reports, laboratory experience, skill demonstration, clinical performance and class attendance/participation. The teacher selects the grading components for a given course according to the nature of that course. The course outline (syllabus) clearly outlines how the students’ final grades shall be figured.

**Grade Reports**
No hard copies of grades are mailed to students because they can view and print their grades via the web. Students who want a parent or organization to receive a printed grade report may request this via the web or at the Office of Academic Records.

**Resolution of Grade Disputes**
Students who dispute the grade received for a course are encouraged to seek a resolution through the steps delineated below. Succeeding steps should be taken only if the previous step fails.

**Step 1: Informal resolution in person.** The student must first seek a resolution in person with the instructor. Should such attempt fail, the student may seek a resolution through the instructor’s immediate supervisor, the department chair or, in the absence of the chair, the dean of the school. The chair or dean may arrange a joint discussion between the student and the instructor.

**Step 2: Written grade complaint.** The student may file a written grade complaint with the instructor’s immediate supervisor, requesting an investigation of the grade. The request must include the reasons for the student’s belief that the grade was assigned as a result of carelessness, arbitrariness, or capriciousness. If the chair is also the instructor in question, the chair should direct the grade complaint to the next highest officer for processing. The written grade complaint must be filed within the semester (not counting the summer terms) after the grade was given. Complaints filed after a full semester has elapsed since a grade was given, or a written grade complaint that does not detail the evidence called for above, shall not be investigated. A department chair or the instructor’s immediate supervisor can recommend or make a grade adjustment only if his/her findings reveal clear evidence of carelessness,
arbitrariness, or capriciousness on the part of the instructor. The department chair or the instructor’s immediate supervisor is to render a written report on his/her findings within a week (if school is in session; if not, within the first week after school reconvenes). If the student does not receive a report or remains dissatisfied, he/she may proceed with Step 3.

**Step 3: Grade Grievance.** A student may file a written grade grievance with a dean of a relevant school to resolve a grade problem. The grade grievance must be filed within three weeks of receiving a response to the original filing of the written grade complaint. The written grade grievance shall provide evidence for the claim that the grade was assigned as a result of arbitrariness, capriciousness, or carelessness. Should the dean be the instructor in question, the dean shall direct the grade grievance to the Provost. A written grade grievance that does not detail the evidence called for above, or that is filed more than three weeks after the response to the original filing of the complaint, will not be investigated.

Providing the student has met the conditions for filing a grade grievance, the relevant dean or the provost shall appoint a Grade Review Committee of three (3) faculty members with authority to investigate the matter further and to recommend a resolution. The dean or provost shall issue a written verdict in response to a specific Grade Review Committee within one week after having received the written recommendations of the Committee. This shall be final and binding on both student and faculty member. The verdict may necessitate a grade change.

**Transcripts**
The Office of Academic Records issues transcripts of the student’s academic record upon written request by the student. Requests should reach the Office of Academic Records at least ten days before the transcripts are needed. (For restrictions, costs and exceptions, see the financial section of this bulletin.)

**Student Responsibilities**

**Examinations.** Credit is not granted in courses unless the required examinations are completed by the student. Students are expected to follow the published examination schedule. In cases where the schedule requires a student to complete four exams in one day, arrangements may be made with the dean to complete one of the examinations at another time.

**Class Attendance.** Regular attendance at all classes, laboratories and other academic appointments is required of each student. Faculty members are expected to keep regular attendance records. The syllabus notifies students of the attendance requirements.

**Worship Attendance.**
Regular and punctual attendance is required at seminary worships and assemblies for students in residence, except students registered for 8 credits or fewer. Student requests to be excused from this requirement should be addressed to the Steve Nash [snash@andrews.edu](mailto:snash@andrews.edu) in writing. Regular worship attendance is a graduation requirement for students in residence. For further details, please refer to the “Seminary Worship Attendance Policy” under Student Life at the Seminary website, [www.andrews.edu/sem/studentresources](http://www.andrews.edu/sem/studentresources)

Specific guidelines:
- All students registered for more than 8 credit hours are required to attend 10 worships in the fall and spring semesters and 4 in the summer.
- If a student is more than 5 minutes late, no credit will be given.
• There may be special University or Seminary events at which chapel credit will be given. The Seminary Dean’s office will notify Seminary students via email of the event and how to receive credit.

**Character Statement and Student Pledge**

“As part of the admission process, all prospective Seminary students are required to sign and return a character statement form. In addition, Seminary students subscribe to the following declaration of purpose: I declare it to be my serious intention to devote my life to the Christian ministry or some other form of Christian service, and to this end I pledge myself to rely on divine guidance, to live according to the standards and ideals set forth by the Holy Scriptures, to apply myself faithfully and diligently to the instruction of the seminary and to abide by all its requirements.” AU Bulletin (2018-2019)

**Teacher Tardiness.** Teachers have the responsibility of getting to class on time. If a teacher is detained and will be late, the teacher must send a message to the class with directions. If after 10 minutes no message has been received, students may leave without penalty. If teacher tardiness persists, students have the right to notify the department chair, or if the teacher is the department chair, to notify the dean.
**Class Absences.** Whenever the number of absences exceeds 10% of the total course appointments, the teacher may give a failing grade. Merely being absent from campus does not exempt the student from this policy. Absences recorded because of late registration, suspension, and early/late vacation leaves are not excused. The class work missed may be made up only if the teacher allows. Three tardies are equal to one absence.

Registered students are considered class members until they file a Change of Registration form in the Office of Academic Records.

**Excused Absences.** Excuses for absences due to illness are granted by the teacher. Proof of illness is required. Residence hall students are required to see a nurse on the first day of any illness which interferes with class attendance. Non-residence hall students should show written verification of illness obtained from their own physician. Excuses for absences not due to illness are issued directly from the dean’s office.

Excused absences do not remove the student’s responsibility to complete all requirements of a course. Class work is made up by permission of the teacher.

**Performance in Related Non-academic Areas.** Professional programs sometimes require certain personality traits, lifestyles, clinical aptitudes, or other special competencies. For programs in which such items are specified, students are evaluated in terms of these requirements. These requirements are described in departmental handbooks or in course syllabi.

**Academic Integrity.** In harmony with the mission statement, Andrews University expects that students will demonstrate the ability to think clearly for themselves and exhibit personal and moral integrity in every sphere of life. Thus, students are expected to display honesty in all academic matters.

Academic dishonesty includes (but is not limited to) the following acts:

- Falsifying official documents;
- Plagiarizing, which includes copying others’ published work, and/or failing to give credit properly to other authors and creators;
- Misusing copyrighted material and/or violating licensing agreements (actions that may result in legal action in addition to disciplinary action taken by the University);
- Using media from any source or medium, including the Internet (e.g., print, visual images, music) with the intent to mislead, deceive or defraud;
- Presenting another’s work as one’s own (e.g., placement exams, homework assignments);
- Using materials during a quiz or examination other than those specifically allowed by the teacher or program;
- Stealing, accepting, or studying from stolen quizzes or examination materials;
- Copying from another student during a regular or take-home test or quiz;
- Assisting another in acts of academic dishonesty (e.g., falsifying attendance records, providing unauthorized course materials).

Andrews University takes seriously all acts of academic dishonesty. Such acts as described above are subject to incremental discipline for multiple offenses and severe penalties for some offenses. A record of academic integrity violations is maintained by the Faculty Academic Integrity Council. Repeated and/or flagrant offenses will be referred to an Academic Integrity Panel for recommendations on further penalties. Consequences may include denial of admission, revocation of admission, warning from a teacher with or without formal documentation, warning from a chair or academic dean with formal documentation, receipt of a reduced or failing grade, suspension or dismissal from the course, suspension or dismissal from the program, expulsion from the university, or degree cancellation.

Disciplinary action may be retroactive if academic dishonesty becomes apparent after the student leaves the course, program or university.
Departments and faculty members may publish additional, perhaps more stringent, penalties for academic dishonesty in specific programs or courses. For a synopsis of the current policy on academic integrity, please see the Student Handbook.

**Peer-to-Peer File Sharing.**
[https://www.andrews.edu/services/its/peer-to-peer-file-sharing-policy.html](https://www.andrews.edu/services/its/peer-to-peer-file-sharing-policy.html). Many people utilize peer-to-peer file sharing software such as Bittorent, Gnutella, Kazaa and others to download music, movies, software or books. If you do not have the permission of the copyright owner, it is illegal to download these files. The software may also make the files you have on your computer available to be downloaded by others on the Internet. This is always an issue unless you personally own the copyright to the work. Even if you have a legal right to a copy, you may not have the right to share it with the general public.

**Copyright Related Laws and Sanctions:**
Copyright is the legal protection that creators have over the use, distribution and reproduction of their works, including music, movies, books and software. Copyright infringement occurs when people use, distribute or reproduce these works without the permission of the creator or copyright owner. The Digital Millennium Copyright Act (DMCA) further defines the penalties for copyright infringement, related to digital works. Courts may award penalties for copyright infringement up to $30,000 per work. If the violation is considered “willful infringement” the penalties may be up to $150,000 per work infringed. There can also be attorney’s fees and willful copyright infringement can result in imprisonment of up to 5 years and additional fines.

The Higher Education Opportunity Act requires colleges and universities, including Andrews University to take certain steps to respond to and attempt to prevent the illegal sharing of files. The Andrews University Computers and Networks Policy includes the “storage or transmission of copyrighted materials without the owner’s permission” as a prohibited activity. Those who act in violation of this may be subject to loss of access to network resources and potentially Student Life sanctions.

**Andrews University’s Procedures and Sanctions:**
- Lawyers for copyright holders (usually movie or music producers) watch peer-to-peer sites to see who is advertising their protected material as available for download. They email letters called DMCA notices to the university.
- Information Technology Services staff review these notices and match as far as possible the provided IP address to an individual. An email is sent to the individual associated with that IP address directing them to remove the material from their peer-to-peer sharing area.
- If there are additional DMCA notices for the same individual, an interactive conversation will be held with the individual (on phone or in person) to ensure that the individual understands the problem and the necessary steps to correct it.
- If there are multiple DMCA notices for the same individual and the person is not cooperative in working to resolve the problem, the student’s access to network resources will be removed. The student’s information will also be given to the University’s Student Life office for appropriate sanctions. Additionally, the individual’s name and contact information may be made available to the organization sending the DMCA notices.

**Plan to Effectively Combat the Unauthorized Distribution of Copyrighted Material:**
Information Technology Services employs bandwidth shaping technologies to detect and limit outgoing peer-to-peer traffic. This causes those attempting to illegally download copyrighted material to have
very slow download speeds causing unsatisfactory experiences. Overall bandwidth utilization is
frequently reviewed to ensure that this mechanism is functioning successfully.
Additionally the Information Security Officer receives DMCA notices, matches IP addresses to individuals
and works with them to get the copyrighted material removed from peer-to-peer file sharing areas. In
the rare case of an uncooperative individual, network access is removed, the case is referred to the
Office of Student Life and the information may be turned over to the organization representing the
copyright holders.

Alternatives to Illegal Downloading:
Educause maintains a site that lists legitimate online services for students to utilize as an alternative to
illegal downloading. Andrews University students are encouraged to utilize these free or for pay sites to
legally obtain the content they are seeking.

degree candidacy by filling out the form at this link: Graduate Graduation Application
At the time a student files an application for advancement to degree candidacy, he/she must have:
- Received regular admission status
- Applied for graduation
- Completed all curriculum and English-language deficiencies that may have existed

MDiv Thesis. To fulfill the thesis option for the master’s degree, a student is may choose to write a

GRADUATION REQUIREMENTS
Awarding Degrees for Graduate Programs

Graduation Procedures and Degree Conferral
Degrees are awarded three times a year at Andrews University—May, August, and December to
candidates who have successfully completed all degree requirements. The responsibility for meeting all
program requirements rests with the student. Participation in graduation ceremonies is for students
who have completed all degree requirements and for those who meet the minimum requirements to
participate without completion (see Participation in Graduation Ceremonies below).

Applications and Final Clearances
- Students must file an Application for Graduation/Marching form. Graduation/marching
  application forms from graduate students will be accepted only when their Advancement to
  Candidacy form has been submitted. (Graduation/marching application forms are available
  online Graduate Graduation Application) All students filing for December conferral and
undergraduate students applying for graduation/marching in May must complete the
graduation/marching application no later than the October date specified in the academic
calendar. All graduate students applying for graduation/marching in May must complete the
graduation/marching application no later than the January date specified in the academic
calendar.

- Transcripts for transfer credit must reach the Office of Academic Records a minimum of 15 days
before graduation/degree conferral.
- All Incompletes and Deferred Grades in classes needed to complete degree requirements must
be changed to a satisfactory grade in the Office of Academic Records a minimum of 30 days
before graduation/degree conferral.
- Students must receive financial clearance from the Student Financial Services Office to
participate in graduation ceremonies or to receive a diploma.
- Diplomas will be ready for distribution beginning two weeks after commencement/degree
conferral.

**Commencement Services.** On-campus commencement services occur in May and August. Students who
receive December conferral of their degrees have the option of participating in the May commencement
services only.

**Graduation in Absentia.** At the time of application for graduation/marching, students must indicate
whether or not they plan to participate in the ceremony. Those who complete all degree requirements
and choose to graduate in absentia forfeit their right to participate in a later graduation ceremony.
Those who participate in a graduation ceremony before completing all degree requirements under the
terms specified below may not participate for a second time when they complete their requirements.

**Participation in Graduation Ceremonies**
Graduation ceremonies are intended to recognize students who have completed all degree
requirements and to celebrate their achievements. Students who are nearly completed with their
degree requirements are also permitted to march and participate in the celebration within guidelines
designed to maintain integrity of the degree-awarding process.
Upon submission of their Application for Graduation/Marching by the published deadline, students are
authorized academically to participate in graduation ceremonies when they meet one of the following
criteria:

Following registration for the term culminating in a spring or summer graduation ceremony, they fall
within one of the following categories:

- Graduate students who lack only completion of an unregistered practicum or internship or
  student teaching requirement which could be expected to be completed before the next
  graduation event.

  **OR**

- Master of Divinity students who lack no more than 6 semester credits for degree completion,
  including practical field work courses. Credits lacking include I’s, DG’s and unregistered work.

**STUDENT RESOURCES:**

**Academic Resources:**
**Andrews University Standards for Written Work** – online edition can be found at

**Center for Adventist Research** [http://centerforadventistresearch.org/](http://centerforadventistresearch.org/)
The Center for Adventist Research (CAR) contains historical materials and resources on Seventh-day Adventist history and Ellen G. White, a key founder of the Seventh-day Adventist denomination. Comprised of the Adventist Heritage Center, the Ellen G. White Estate Branch Office, and AU Archives, the Center holds the largest collection of research materials on Seventh-day Adventism in the world. The CAR was formed in the fall of 2003 to better serve the campus community as well as the world community of Seventh-day Adventists by providing research support services as well as a significant outreach component. The Center and the Seminary Library cooperate to support theological education.

**Adventist Heritage Center**

Located within the Center for Adventist Research, the Adventist Heritage Center contains material on the history and development of the Millerite Movement and the Seventh-day Adventist Church since the 1840s to the present.
