Advocacy + International

People First Approach

Your personalized guide to affordable, stress-free prescription management.

What is Drexix's Advocacy Program?

It is a dedicated support system designed to simplify the complexities of prescription benefits for both members and clients. Our advocates work closely with members to ensure they receive the medications they need at the best possible cost while delivering significant savings for our clients.

We're Here for You Every Step of the Way.

Navigating prescription benefits can be overwhelming, but Drexix's advocates are here to help.

Personalized Support:

Our advocates work directly with you to find the best solutions for your prescription needs from finding lower cost alternatives to assisting during the PA process, our Advocates are for you!

Savings not Stress:

We proactively identify opportunities to save you money, from switching to generics to sourcing affordable international options when available.

Supporting You Through Manufacturer Assistance Programs

To ensure our Advocates can provide you with the best support for Manufacturer Assistance programs, we may need some essential information. Every program is different, but typically you will be asked to provide:

- Household Income
- Number of Persons in Household
- Name, Address, and Date of Birth (DOB)

These programs are often income-based, so having your financial information ready will help streamline the process. We understand this can feel intimidating, but rest assured, our team is here to guide you every step of the way.

International Rx How Does It Work?

Drexix is bringing honesty, transparency, and savings back to the healthcare industry and we are honored to have you with us!

Through our trusted partnerships for International Sourcing, we can provide you with FDA-approved medications, for significantly less than you would find at a US-based Pharmacy. Our Partners have extensive experience in the procurement, logistics, and supply of medications from the international marketplace and since we have multiple sources, we can provide you with the lowest cost available - every time.

Care You Deserve. Prices You Can Afford

Prescriber writes your Rx. Based on your plan, if the drug is available internationally, you have access to the International Rx program. Per your plan's set up, you are approved for one or two fills via a retail pharmacy, then the medication is to be filled internationally.
