Call for Papers 2022
May 16-18, 2022

The Office of Research and Creative Scholarship at Andrews University invites graduate students, post-docs, and early career faculty, as well as advanced undergraduate students in science, technology, engineering, and mathematics (STEM) to submit an abstract for the 8th annual Andrews Research Conference. The theme is Early Career Researchers in STEM. Topics in all areas of pure and applied science, technology, engineering, and math, are welcome.

The conference will be held in-person on the campus of Andrews University from May 16-18, 2022. Each presenter will be allotted 20-minutes for their oral presentation.

The conference is free for all presenters. Meals and double occupancy lodging for three nights is provided for presenters during the conference. Participants will need to secure their own transportation to Andrews University.

Submission Deadline
The submission deadline is March 31, 2022. Abstracts (300 words) and additional materials should be submitted on http://digitalcommons.andrews.edu/arc/2022). The submissions will be reviewed by the Program Committee with notification of acceptance given by April 15, 2022.

Conference Registration
Conference registration will also be available by March 31, 2022.

Conference Information
More information about the conference (travel, venue, accommodations, etc.) can be found at the Andrews Research Conference.
