Senate Discussion & Announcements

[3] ETLC & CTL Updates (A. Coria-Navia)

[5] MyAndrews Presentation (H. Ferguson) Brief discussion about MyAndrews and inviting Joshua to attend a future to Faculty Senate meeting

Concerns regarding clinical requirements and placements for students and the variations of COVID protocols, including vaccinations or weekly testing; the COVID-19 protocols can complicate and delay a student’s progress; managing
student expectations, such as the feeling of being “forced” to get a vaccine in order to be able to get an internship. Concerns were stated regarding program requirements that included tours and how to do tours in the future for vaccinated versus unvaccinated students and programs which specifically rely on these travel opportunities. Janine talked about attendance and LearningHub--this produced a longer discussion about attendance requirements, Banner, etc. Accountability to make sure faculty are taking attendance is coming this fall.

Grad Council  Janine Lim will be the Senate representative for grad council.
