head shots - musicians:

[mamiya rz, 180mm, nikon N70, tamron 28-200, kodak tmax, fuji velvia]

series - (un)natural light:
The haloed light of downtown chicago appears
just as abstract as the moody light of sunrise
over the icy crust of the north shore of
Prince Edward Island, Canada.
[nikon N70, fuji velvia, tamron 28-200]

family portrait:

The realities of modern life, a man is drawn to the rural attitudes of his frail grandmother, while energized by his curious, ethnic, urbanite son.

[nikon N70, kodak tri-x, tamron 28-200]

head shots:
History major, Vimie Joy Magsino,
takes a break from the LSAT review
to come pose in my driveway.
[nikon N70, fuji velvia, tamron 28-200]

gels, head shot:
Technical study of various
lighting setups and colorings.
[nikon N70, tamron 28-200, fuji velvia]
[mamiya rz, 250mm, kodak tmax]

Professional Focus

The lasting tribute of a society is their progress in the arts and sciences. In furthering the development of classical and current art forms, a society ensures its impact on future generations and improves quality of life in current generations. Organizational strength and consistency, teamed with a passion for all forms of art and science, will lead to success and security in today's liberal arts community.

Education

Andrews University, Berrien Springs, MI – **Graduated August 2004**

Bachelor of Music; major – Piano Performance; minor – Photographic Imaging – GPA 3.96

Work Experience

Surgical Technologist – Lakeland Regional Health System, Niles MI, '03 to present

Responsible for the preparation and continual maintenance of the sterile surgical field. A surgical technologist may also assist the physician during surgery and help with incoming patients.

Layout Editor – Andrews University Student Association Newspaper **Student Movement** '02-'03

Directed the overall design and focus of the bi-weekly publication, providing direction to photographers and layout staff according to editorial decisions. Worked closely with the managing editor to create a new layout and style for the newspaper.

Editor in Chief – Canadian University College Student Newsmagazine **Aurora Chronicles** '99-'01

Managed every aspect of the publication, including editorial content, design, advertising, and finance. Worked with printing vendors to create a new look and feel for monthly newsmagazine.

Graphic Artist – Kindopp's Digital Printing, Red Deer AB, Summer '01

Worked directly with clients on small-run press items, including invoices, business cards, technical manuals, brochures, logos, and applications.

Photographer/Web Designer – MTR Enterprises, St. Joseph MI, Summer '02

Photographed and re-touched diecast model cars for display on an online hobby store website. Worked directly with online auctions and direct mail advertising campaigns.

Computer Skills

I have intermediate to advanced expertise in the following programs: Microsoft Word, PowerPoint, Excel, Access, Entourage; Adobe Illustrator, InDesign, Photoshop, PageMaker; CorelDraw; WordPerfect; and QuarkExpress. I also have a functional knowledge of various web editing programs, as well as the Macromedia suite, including Dreamweaver, Flash, Freehand, and Fireworks. I am fluent on both Mac and PC platforms and I have an average typing speed of about 60 wpm.
