Mr. Wright’s Materials List

**Geometry**
- Textbook
- Protractor
- Ruler
- **1-inch Binder** in which to keep note handouts
- 8 ½ by 11 inch loose leaf paper to do assignments on
- Graph paper
- **Scientific calculator** (I suggest the TI-30XS MultiView and can be found at Meijer or Walmart and can be found in the office supplies area.)
  - Please no TI-89 or anything labeled CAS!
  - Cell phones, tablets, computers, and electronic translators are not acceptable calculators! They will not be allowed on any tests.

**Algebra 2**
- Textbook
- Ruler
- **Notebook** in which to take notes (Composition notebook strongly suggested)
- 8 ½ by 11 inch loose leaf paper to do assignments on
- Graph paper
- **Graphing calculator**
  - You can complete this class with only a scientific calculator, but a graphing calculator will make life easier. In addition, if you take precalculus, you are required to have a graphing calculator in that class. For a graphing calculator, I suggest TI-83 Plus or TI-84.
  - For a scientific calculator, I suggest TI-30XS MultiView because it will make tables. (This can be found at Meijer or Walmart and can be found in the office supplies area.)
  - Please no TI-89 or anything labeled CAS.
  - Cell phones, tablets, computers, and electronic translators are not acceptable calculators! They will not be allowed on any tests.

**Precalculus**
- Textbook
- Ruler recommended for graphing
- **Notebook** in which to take notes (Composition notebook strongly recommended)
- 8 ½ by 11 inch loose leaf paper for assignments
- Graph paper
- **Graphing calculator**
  - I suggest a TI-83 Plus or TI-84.
  - Please no TI-89 or anything labeled CAS!
  - Cell phones, tablets, computers, and electronic translators are not acceptable calculators! They will not be allowed on any tests.

**Physics**
- Textbook (either hard copy or ebook)
- **1-Inch Binder** in which to keep notes
- 8 ½ by 11 inch loose leaf paper for assignments
- **Scientific calculator**
  - I suggest the TI-30XS MultiView scientific calculator or you can use graphing calculator but we will not be using any special graphing calculator functions. (This can be found at Meijer or Walmart and can be found in the office supplies area.)
  - Please no TI-89 or anything labeled CAS!
  - Cell phones, tablets, computers, and electronic translators are not acceptable calculators! They will not be allowed on any tests.
